

# Costa Rica

## Wildlife and Ecosystems

Tuesday, June 19 to Thursday, June 28, 2012

Discover special habitats and touch nature as you explore waterfalls, volcanoes, and lush green forests during this 10-day adventure to central and northwestern Costa Rica. This Central American country, known for its beautiful butterflies, colorful frogs and intriguing birds, offers participants a rich variety of cultural, natural and geological sites to explore.

Education and adventure meet during this trip. There also will be time to relax, breathe deep and soak in the tranquility of each area while you enjoy upscale accommodations.

- ◆ See volcanoes up close!
- ◆ Walk in tropical forests!
- ◆ Search for wildlife while on a river safari!
- ◆ Relax in natural hot springs!

The estimated cost of \$2,668 includes airfare, hotels, entrance fees, three meals a day, excursions, bilingual guide, tips and taxes, lectures, equipment fees, and transportation in Costa Rica. Tuition for Biology 1800, *Regional Biology of Costa Rica*, is extra. For more information, contact Kathleen Luczynski, (630) 942-2800, ext. 54937, or email: [luczynsk@cod.edu](mailto:luczynsk@cod.edu). To register, call the Field and Interdisciplinary Studies office, (630) 942-2356. **Registration ends March 1, 2012, or when the class is filled.**
