

Long-Term Care Administration Certificate

College of DuPage Requirements

Students must earn one-half of the total required credit hours as the final applicable hours at College of DuPage.

About the Program

The Long-Term Care Administration program prepares students for administrative responsibilities in a variety of long-term care settings: nursing homes, assisted living facilities, home health services and other organizations serving the elderly and disabled. The aging of the U.S. population has served as an impetus for growth in the long-term care industry. A certificate in Long-Term Care Administration will enhance the student's employment opportunities.

Health Sciences Admissions

The majority of Health Sciences programs require either a separate admissions process (in addition to the standard college application form) and/or the completion of specific prerequisites before acceptance into a program. The Admissions office is located in the Student Resource Center (SRC), Room 2046. For more information, check out the Health Sciences Admissions web site at:
www.cod.edu/hsadmissions/
