Semester Credits	16-17	Semester Credits	17-19
Total Semester Credits – Year One	32-34	Total Semester Credits – Year Two	34-37
		Total Credits	66-71

(r) = required CIS course for this degree

¹r = CIS2710 (4 semester hours) OR (CIS1230 (3 semester hours))

*r = required course; see catalog for choices in General Education

rp = required prerequisite

e = CIS elective – *students may choose other CIS courses. Be sure to check prerequisites.*

For program electives: Select any CIS courses except 0800 and 1110.

This is a suggested slate of courses that will enable a student to complete an Associate of Applied Science degree in two calendar years. The student should contact a CIS adviser/faculty member to ensure that the courses are available when needed.

Not all courses are offered every semester.
