Salome's Stars

ARIES (March 21 to April 19) It could be risky to push for a project you believe in but others are wary of. Never mind. If you trust your facts, follow your courageous Aries heart and go with it.

TAURUS (April 20 to May 20) Your enthusiasm sparks renewed interest in a workplace project that once seemed headed for deletion. Support from supervisors helps you make all necessary changes.

GEMINI (May 21 to June 20) A colleague might be a bit too contrary when your ideas are being discussed in the workplace. A demand for an explanation could produce some surprises all around.

CANCER (June 21 to July 22) Try to avoid distractions at a time when maintaining stability in a fluid situation is essential. There'll be time enough later for the Moon Child to enjoy some well-earned fun and games.

LEO (July 23 to August 22) Stop wasting energy licking your wounded pride. Instead, put the lessons you learned from that upsetting experience to good use in an upcoming opportunity.

VIRGO (August 23 to September 22) You love being busy. But try not to make more work for yourself than you need to. Get help so that you don't wind up tackling tasks that are better left to others.

LIBRA (September 23 to October 22) Your usually balanced way of assessing situations could be compromised by some so-called new facts. Check them out before making any shift in judgment.

SCORPIO (October 23 to November 21) You might feel angry over an unexpected shift in attitude by someone you trusted. But this could soon turn in your favor as more surprising facts come out.

SAGITTARIUS (November 22 to December 21) Love rules everywhere for all amorous Archers, single or attached. It's also a good time to restore friendships that might have frayed over the years.

CAPRICORN (December 22 to January 19) It's not always easy for the proud Goat to forgive past slights. But clearing the air could help establish a better climate for that important upcoming venture.

AQUARIUS (January 20 to February 18) Good news: Your skillful handling of a recent matter has won admiration from someone who could be influential in any upcoming decisions involving you.

PISCES (February 19 to March 20) You continue to welcome new friends into the widening circle of people whom you hold dear. One of those newcomers might soon have something special to tell you.

BORN THIS WEEK: You love nature and inspire others to follow your example of concern for the planet's well-being.
