

College of DuPage FY2008 Graduates: Types of Employment by Program of Study

Each year the college conducts a survey of the previous year's graduating class. Among the questions asked are questions pertaining to the graduate's current employment. The FY2008 class fared well; 61% of respondents in the job market were employed full-time and an additional 32% were employed part-time. Sixty-six percent were employed in jobs related or somewhat related to their program of study. The following table shows the occupations reported by the FY2008 graduates from each program.
