

Understanding Roster Codes

Below is a picture of a roster from the test system showing at least one student with each of the codes described below.

- The **PASS/AUD** column is to indicate students who are taking a class Satisfactory/Fail or Auditing the course.
 - The code of “**P**” means they have a signed contract to take the class Satisfactory/Fail.
 - If all students have a “**P**”, your class section is Satisfactory/Fail only.
 - The code of “**A**” means the student is auditing the class.
- The **STATUS** column indicates the student’s current registration status.
 - **New** = student registered before class started
 - **Add** = student registered after class started
 - **Prereq by Instructor** = there are multiple reasons why a student may have this status
 - Instructor issued permit for the student to register (permit as alternative to meeting course prerequisites)
 - Student has transfer credit that has not been converted
 - Student meets the prerequisites for math based on the summer & fall semester grandfathering rules
 - **Retake** = for classes offered multiple times for credit, student will have this status if they have already received credit the maximum number of times.
 - **Non Pursuit** = instructor marked student as “non-pursuit” on the midterm verification form. This status will not appear on your student(s) until midterm verification is completed.
