

NORTHERN ILLINOIS
UNIVERSITY

Northern Illinois University "D" Grade policy:

- "D" Grades: Grades of "D" no longer transfer to Northern Illinois University; however, it should be noted that NIU offers "Compact Benefits" for students awarded an AA/AS or AAT degree from an Illinois Public Community College. Students who earn these degrees are admitted to NIU with junior standing and all general education requirements completed even with a "D" grade.
- If a student transfers to NIU with a completed IAI GECC package, his/her general education will be satisfied even if one or more courses were completed with a grade of "D". The student would only need to repeat a course in which a "D" was earned if required for the student's major.
