

# Field Trips

During the semester you will have 4 field trips in the Chicago area. It is your responsibility to arrange your own transportation to and from each of the field trips. It is critical that you arrive on time as all of the field trips involve walking and you will not be able to find us if you arrive late, allow time to find parking if you drive. Make sure you dress appropriately for the weather. Field trips will be held rain or shine. Most of the field trips are free but you are responsible for all admission fees.

Maps for all of the field trips are attached.
