Mrs. Anita Perry
Office of the Governor
Austin, Texas

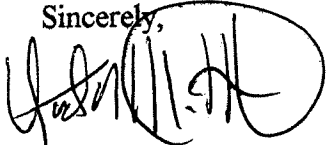

Dear Mrs. Perry,

On behalf of the Coalition Against Violence Towards Women and Families on the Border we would like to thank you for meeting with representatives of our group last Friday. We sincerely appreciate your interest and your concern regarding violence against women. All of us working together can stop violence against women if we work together to raise awareness regarding the mutilation murders of our sisters in Ciudad Juarez.

Please feel free to contact us should you like to visit Ciudad Juarez or perhaps meet representatives from organizations working on this issue there. We have enclosed a special report that appeared in the El Paso Times regarding this situation.

Thanks again for your interest and time.

Sincerely,

Victor Muñoz
