**Most Recent Accomplishments:**

**Career Related:** Working for the president at College of DuPage.

**Volunteer Work:** Teaming up with SLC and other College of DuPage Organizations to protest at the Nov. 20<sup>th</sup> Board Meeting was an amazing way to serve COD. I got to join in with nearly 50 other students to represent that the student body strongly opposed some of the new policy changes that would basically result in student censorship.

**Personal:** Building a stronger relationship with my family.

**Personal Information:**

Resident in College of DuPage District #502 for 11 years

**Immediate family members:** Joanie Chernick, Todd Chernick, and Karissa Chernick.

**Avocation:** I love extreme sports! Skydiving is one of my favorites, but I also love to snowboard and wakeboard. Anything that's active is what I like to do on my free time ☺

**Trusteeship:**

Describe you major objectives as the student member of the College of DuPage Board:

Although student trustee is a symbolic vote on the board, I am excited and prepared if elected to represent this vote as a cumulative voice of the student body. With this said, below are issues I would like to immediately address.

1. APPROPRIATION OF FUNDING- Make sure that our tax dollars and tuition money is being spent in ways that will benefit students! Turn wasteful spending into student scholarships.

2. STUDENT INVOLVEMENT- One of my favorite professors Ken Gray told me "Success in

college is highly dependent on what degree you fit in." Every student deserves to feel they belong and through increasing student activities and the spectrum in which they spread this can be achieved. Students also deserve to be informed and have an input on the many changes that will be taking place with the new president.

3. HONORS SCHOLAR PROGRAM- Not only to continue the program and aspects of the tuition reimbursement, but also to help expand it!

4. BUILDING THE REPUATATION OF COD- The future significance of our credits and/or degree here depends on it! Increased student enrollment.

\*As a student who is often at COD for 10 or more hours a day, I realize the CAFETERIA pricing is a large concern of most students.... unfortunately, promises being made to bring other food distributors in the cafeteria are unrealistic seeing as we are under contract with the current distributor. However I will be addressing what options are available as far as offering meal plans and other options to reduce costs.

\*Also, like many other COD students I pay for my college education. Tuition pricing and the increases being put in place need to be evaluated.
