

TRAV 1130 - TRAVEL AND TOURISM (1 credit)

African Destinations

In-depth study of Africa. Covers the location of major cities, airports and sea ports and the air, land and cruise companies serving these areas. Includes the location of important tourist attractions, unique land formations, climate data, the best time to visit attractions and how tour companies operate in these areas.

Upon successful completion of the course the student should be able to do the following:

1. Identify the location of major cities and airports in Africa.
2. Define these areas as part of Traffic Area II of the three International Air Transport Association (IATA) Traffic Conferences.
3. Recognize countries by physical shape, geo-political boundaries and their proximity to each other.
4. Interpret regional maps and airline routings.
5. Distinguish regional tourist attractions of interest to travelers.
6. Compare modes of transportation servicing Africa.
7. Appraise tour operators and wholesalers marketing in Africa.
8. Identify cultural differences between regions.
9. Recognize and demonstrate the travel industry's use of airport and city codes.
10. Explain regional use of geography and travel terminology.
11. Evaluate regional currency rates and their impact on travel.

Topical Outline:

1. Geographical areas covered include: Algeria, Egypt, Ethiopia, Kenya, Morocco, Nigeria, South Africa and Tanzania.
2. Location of countries, states, major cities and airports on regional area maps.
3. Location of major regional tourist attractions.
4. Hotel and resort facilities in region.
5. Culture and climate relative to tourists.
