HUMAN SERVICES 1143  
Health Skills Psychiatric Rehabilitation  
4 credit hours

This is an information sheet only, not the course syllabus.

COURSE DESCRIPTION
Continuation of Psychiatric Rehabilitation Certificate training program. Course examines three dimensions of wellness: physical, emotional and environmental. Psychoeducational training sessions are introduced, as well as medication management skill training. Prerequisite: Human Services 1141 with a grade of C or better, or equivalent. (3 lecture hours, 2 lab hours)

Instructor Note: Courses in the series focus on a rehabilitative approach to serving individuals with severe mental illness. This approach is based on the premise that consumers are the goals for the rehabilitation team.

REQUIRED AND RECOMMENDED COURSE MATERIALS
Please follow the instructions below to locate information on the textbook and other materials for this course.

1. From COD home page, click on myACCESS.
2. Click on Search for Credit Classes.

4. Choose your course from the Subjects drop-down menu.
5. In the Course # field, enter your course number.
6. In the Section field, enter the course section number if known.
7. From the Course Types drop-down menu select Internet/Online.
8. Scroll to the bottom of the page and click on SUBMIT.
9. Click on the Section Name and Title link.
10. Click on Click here for prices of required textbook(s) and supplies and course material information will be displayed.

Alternatively, you can visit the COD Bookstore website to find this information.

COURSE OUTLINE
Upon successful completion of the course the student should be able to do the following:
1. Identify interventions that promote mental health.
2. Understand vital signs and documentation
3. Identify physical signs and symptoms that need immediate action by the medical team
4. Identify emotional signs and symptoms that need reporting to the medical team
5. Understand the correct use of safety equipment
6. Understand the correct use of proper body mechanics
7. Demonstrate documentation of client behaviors and responses to treatment
8. Identify psychoeducational training sessions that would promote mental health
9. Describe medications utilized in the treatment of mental illness
10. Develop a medication management training session

**EVALUATION/GRADING**

Tests: The quizzes for all the units total 156 questions. (156 points)
0 to 69% of all quiz questions (regardless of points earned in other assignments) = F

The criteria for passing the course for certification in Psychiatric Rehabilitation are 70% of all test questions. This has been set by the University of Chicago who developed this program. Consequently, there are no extra points possible for a student who does not demonstrate that competency.

Discussion Board Comments: Average of 3/week (24 total) =5 points which would result in grade of B, only if you got a 70% or higher. (C) in the test portion. The discussion Board comments should carry discussion points forward and/or contain resource URL's for the class to investigate for additional information.

Research Paper: On any topic covered in the course up 10 points.

Chapter Assignments: Specific lectures have assignments that vary in point value. The point value is attached to each assignment. The total of all lecture assignments is 75 points.

**Grade Scale**

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>221 - 246</td>
</tr>
<tr>
<td>B</td>
<td>196 - 220</td>
