Alternatively, you can visit the COD Bookstore website to find this information.

COURSE OUTLINE
This course is separated into seven (7) study units on general occupational safety topics. Each unit consists of readings from the textbook and other sources, online streaming video, a quiz, homework assignments and online discussion. The student will select a final unit on either machine safety or construction safety. The final unit contains a reading, a video component, a final quiz and an online presentation on a topic pertinent to their selected areas of study.
