CHEVRON DELO 600 ADF

Al Warren Oil will be proudly offering the latest engine oil from Chevron, Delo® 600 ADF with OMNIMAX™. This Chevron Patented Technology focuses on the diesel particulate filter (DPF), which collects up to 98% of particulate matter emissions in the form of ash and soot, leading to a significant amount of clogging. Delo 600 ADF is the first ultra low-ash, heavy duty engine oil that reduces the sulfate ash content of a typical CK-4 oil by 60%. The all-encompassing protection helps drastically reduce the rate of DPF clogging to deliver extended DPF service life and industry-redefining fuel economy retention.

KEY BENEFITS OF DELO® 600 ADF WITH OMNIMAX™

- Up to 2.5X the extended DPF ash cleaning interval
- Up to 3% improved fuel economy retention
- Extended drain intervals

Also, Chevron is providing Delo 600 ADF customers with oil analysis testing and lube performance reviews FREE of charge through January 2021! LubeWatch performance reviews provide detailed technical trending analysis and consultations by a Chevron lubrication expert. For further information please contact your sales representative today.
