Hi Marsha,

I looked up your account number. The problem is really because this account number is already over budget by \$12,585.03. The system cannot swap out the encumbrance amount with the real expense because of this over budget. The over budget is most likely due to Laurie's PCard transactions for advertising. I attached the list of actual expenses totaling \$1,010,767. There is also open encumbrances open of \$44,318.35.

So with a total budget of \$1,042,500
Less -1,010,767
Less -44,318
Negative 18,585 This is the problem.

Bob – this is a blanket that needs to be referenced. Can you approve a FY20 budget transfer still to fix the problem or can we ask AP to override?

Marsha – please review the expenses to make sure nothing was miss classified to this account number. Are there any POs that can be closed but the problem there might be that Purchasing will close them with a current date in FY2021 and that will not help our problem.

Let me know,

Judy
Please read below. AP has told me there is not enough in BO #368350 to cover June invoices totaling \$6,736.64. According to my records there should be \$28,876.53 remaining.

Marivic thought you might be able to see why it shows insufficient funds.

Thanks, Marsha

I advise you to please contact Judy Vosicky and find out why the voucher entry shows insufficient funds.
