REGULATORY NEWS
FEE DESCRIPTIONS

The Administrative Expense Fee recovers a portion of AT&T's internal costs associated with the Federal Communications Commission's Universal Service Fund and related programs. The Federal Regulatory Fee recovers amounts paid to the federal government for regulatory costs and telecommunications services for the hearing impaired, and costs associated with local number portability administration. These fees are not taxes or charges that the government requires AT&T to collect from its customers.

Attention Customers with Locations in New York: New York Telecommunications Relay Service (TRS) Telecommunications Relay Service Access allows individuals who are deaf, hard-of-hearing or have a speech disability to type on a Text Telephone (TTY/TDD), a device resembling a typewriter linked to a phone. You can reach the TRS by dialing 7-1-1 in any state. A Communications Assistant (CA) reads the message to the hearing person at the other end of the line. The CA then types the hearing person's spoken words back to the TDD/TYY user. Each call TRS handles is held strictly confidential. No record of a conversation is kept. There is no charge to use TRS, however regular phone charges do apply. You may request that your long distance company be used when placing long distance calls through TRS. The Targeted Accessibility Fund of New York provides assistance to low income deaf, hard-of-hearing and speech disabled individuals so they may acquire text telephones and other equipment to provide critical telephone service.
