Subject: Your Audimute order confirmation

Jordan Towne,

Thank you for your order from Audimute. You can check the status of your order by logging into your account.

Most of the acoustic products we sell have been designed and are made to order at our Cleveland, Ohio facility. We strive to build and ship your order as quickly as possible. Lead time (the amount of time it takes for our production team to schedule and then build your order) varies by product and is listed on our website. Our regular practice is to ship complete orders only. If your order contains products with different lead times, we will typically wait to ship your order until all components of your order are complete.

If we have any questions about your order, we will contact you before the order goes into production. Otherwise, we will send you an email with tracking information when your order ships. Please understand we want to get your order to you as quickly as possible, and therefore timing is crucial for any immediate concerns. Call us right away if there is a problem. Replies to this email may not be read immediately.

Please call us within 1 hour if you need to modify your order in any way otherwise we cannot guarantee that we can fulfill your request.

Please note, also, that once your order enters production, customized products are non-returnable and non-exchangeable due to the personalized nature of the product.

If you experienced any problems placing your order with us today, please send a brief email describing the problem to: customerexperience@audimute.com or call us at 1.866.505.MUTE.

Your Order #400013681

Placed on Mar 9, 2018, 4:11:48 PM
