On January 4, 2014, the Federal Reduction of Lead in Drinking Water Act will take effect. This law requires that all potable water systems be lead-free. After 1/4/2014, selling or installing products that are not lead-free for potable water systems will violate this law. To remain compliant with this new law, Porter Pipe will not accept returns of leaded products for potable water systems after 10/31/2013.
