CUSTOMER NOTE

Please Note: COD to provide wood rail. COD to stain/paint and install onto wall above wood flag board. TVG will provide and install an adjustable sleeve that will slide onto the molding/track allowing for hanging system & frames. Please Note: Fixtures/Graphics/Hardware are hung on the wall. No security or locking hardware is estimated. Frames will allow for easy change out. It's suggested that frames be lifted of the hardware laid on the floor to open and remove and replace graphics - then re-hang frames. Please Note: The installation estimated below is based on using ladders. If any of the graphics require lifts (scissor or articulating) than additional costs could be incurred for equipment leases. All finishes with exception of the wood molding/track is silver and steel in color.
