## Need-to-Know Information

### Advertising Privacy Notice

We provide this notice to tell you about changes to Verizon's Business and Marketing Insights program.

Business and marketing insights help provide a better understanding of consumer actions in aggregate. For example, a company could find it valuable to understand the number of customers in different age groups who visited a website, used an app, or visited a retail store or stadium.

The program will now include information Oath has about you in combination with the Verizon information that is currently used to create aggregate insights. (Oath is a Verizon company formed by the combination of Yahoo and AOL.) The information used for this program and the insights we develop do not identify individuals.

As part of this program, Verizon may share location information that does not identify you personally with other companies to allow them to produce additional aggregate insights. For example, de-identified location information we provide could be combined with similar information provided by others to create traffic reports.

#### What information is used?

The Business and Marketing Insights currently uses Verizon information about how you use your mobile device (such as web browsing, device location, and app/feature use), certain information about your Verizon products and services (such as device type), and demographic and interest information you provide or we obtain from other companies (such as gender, age range, and interests). The program will now also use information Oath has about your use of services (such as email, search, sites and apps) and visits to third-party websites and apps that include Oath services (such as web browsing, app usage and location), as well as information that Oath obtain from third-party partners. The program may also use information other companies share with us to better understand insights related to their own businesses.

#### Your choices

If you don't want your Verizon information used in the creation of business and marketing insights, you can opt out on the privacy choices page in MyVerizon, in the MyVerizon app on your device, or by calling 866.211.0874. If you have already opted out of Verizon's Business and Marketing Insights program, there is no need to take further action. Please note, if you agree to participate in the Verizon Selects advertising program, you will also be part of the Business and Marketing Insights program independent of your choice here. Also, Oath information may continue to be used for insights even if you have opted out of the use of your Verizon information.

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy service. You should not pay pre-bankruptcy amounts; they are for your information only. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

### FUSC Change

The Federal Universal Service Charge (FUSC) is a Verizon Wireless charge that is subject to change each calendar quarter based on contribution rates prescribed by the FCC. On July 1, the FUSC decreased 4.70% percent of assessable wireless charges, other than separately billed interstate and international telecom charges. The FUSC on separately billed interstate and international telecom charges decreased 17.90% percent. For more details, please call 888.684.1888.

### Late Payment Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law. Failure to pay bills on time may result in negative credit reporting.
