**COLLEGE OF DuPAGE  
REGULAR BOARD MEETING**

**BOARD APPROVAL**

---

1. **SUBJECT**

Purchase of five (5) vehicles for the Automotive Program Educational Fleet

2. **REASON FOR CONSIDERATION**

Planned aggregate spend in excess of \$25,000 must be approved by the Board of Trustees.

3. **BACKGROUND INFORMATION**

The Automotive Service Technology Program (AST) seeks to purchase five (5) automobiles. The educational fleet consists of about 60 vehicles from various manufacturers, with all different types of powertrain and equipment options. The current average age of these vehicles is 14 years (2004 model year). These vehicles will be used for instructional purposes by approximately 320 students per semester enrolled in all Automotive Technology classes.

The vehicles purchased will be either new or used models available from local dealers or car sales lots that meet the needs of the program. Because vehicles will be purchased off of lots or out of available used car inventory, it is not feasible to meet the typical board meeting schedule for check approval as the vendors are not willing to hold vehicles for the extended time period required for that process. This preapproval will allow for the payment checks to be issued without the delay required for individual approval by the Board once a vehicle has been selected.

It is estimated that the total cost of the five (5) vehicles will not exceed \$76,686.24, and FY20 funding has been approved as part of the capital expenditure budget. The five vehicles will include:

- Ford Fusion or similar body & engine style
- Jeep Liberty/Compass body style & engine style
- Chrysler 200 or 300 (pending availability)
- Kia Soul
- Chevy Equinox

The vendors for these purchases will be identified after approval of the aggregate expenditure due to the high rate of used vehicle inventory turnover on the market (most

used cars spend less than 30 days on sales lots). The vendor selection process, as indicated in the College's Automotive Service Technology Used Car Buying Process, involves identifying vendors with vehicles that meet the Automotive Program needs, evaluating the available vehicle's equipment, Carfax, and title histories, and performing a price comparison utilizing 3<sup>rd</sup> party valuation sites such as Kelley Blue Book, National Automobile Dealers Association (NADA), Edmunds, or black book to determine effectiveness of pricing. Individual purchase orders will be processed for each purchase, with a request for a manual check to accommodate the immediate payment need.

Consistent with Board Policy 10-60 and Administrative Procedure 10-60, if the purchase cost of any vehicle is \$25,000 or greater, the purchase must be approved by the Board prior to purchasing that vehicle. For vehicles with a cost below \$25,000, the established process adheres to the requirements for quotations as required in Administrative Procedure 10-60 while accommodating the need for quick turnaround for purchases of used vehicles. For each vehicle purchase, the AST Coordinator will locate vehicles that are the make and model, and have the equipment, that is required for the program; in addition, price comparisons that take into consideration the required features are made to accommodate required quotes as indicated in Administrative Procedure 10-60. Pricing is also compared to similar vehicles via 3<sup>rd</sup> party valuation sites such as Kelley Blue Book, NADA, and Edmunds.

<i>Automotive Technology: Equipment Instructional</i>				
<b>FY2020 Request</b>				<b>\$ 76,686</b>

*\*YTD Spend equals actuals plus committed as of 10/28/19.*

This purchase complies with State Statute, Board Policy and Administrative Procedures. Purchases of equipment previously owned by some entity other than the district itself are exempt from bidding in accordance with the Illinois Public Community College Act 110 ILCS 805/3-27.1.

4. RECOMMENDATION

That the Board of Trustees approves the purchase of five (5) vehicles for the Automotive Service Technology Program educational fleet from vendors identified in compliance with the College's Automotive Service Technology Used Car Buying Process in an amount not to exceed \$76,686.24.

The information you see on the window form (FTC buyers guide) for this vehicle is part of the contract. F.T.C. information on the window form overrides any contrary provisions in the contract of sale.

Except as provided herein, this contract is non-cancelable once it has been accepted by the signature of an authorized representative of Dealer.

In the case of a purchase wherein Dealer is being requested to obtain financing, Dealer is not obligated to sell UNTIL A THIRD PARTY FINANCE SOURCE agrees to purchase the retail installment contract executed by Purchaser and Dealer based on this transaction.

Purchaser certifies that he/she is of majority age and has received a true copy of this order.

This statement is to verify that all identifying numbers contained in this bill of sale agree with the numbers in the certificate of title.

Purchaser agrees that this order includes all of the terms and conditions on both the front and back side hereof and that this contract cancels and supersedes any prior agreement including oral agreements.
