Hi Danielle,

Can you please check if an invoice was sent to invoicing@cod.edu using BO 371299 for our most recent student addition?

Our fiscal year closes June 30th and we hope to have the amount paid.

Thank you for your support!

Bridget

Hello,

This message is to inform you that your SENSE Enrollment Form has been processed.

Course name: SL1-College of Dupage-COD-682272
Group name: 2002_COD_2020SPAWS

All future groups will be found under this course. This allows students to keep their scores with their profiles if they transfer to another group within the same course. Please note that course refers to the school and group refers to the class's name.

In order for your students to access their SENSE Online account and your class, please provide them with their login information. Once they log in using the below information, they will be able to access your group and the exam modules as you assign them. To avoid issues, such as our email being blocked by firewall protection, we provide students' usernames and passwords directly to the instructors. Login credentials for existing users do not change.

Username	First name	Last name	Password
borrinoa@dupage.edu	Anthony	Borrino	Anthony899623
shadoweyez06@gmail.com	Benjamin	Murillo	Benjamin368138
szczygielj@dupage.edu	Joseph	Szczygiel	Joseph828619

IMPORTANT: Please read the following before beginning on SENSE Online:

- SENSE Online is for Level I.
- Instructor resources can be found under the Instructor's tab on SENSE Online. Please look through these resources so you know what is available to you. You will need them.
- In order to get started with SENSE, please take a look at the requirements written in Level I's QC10 standard. This will inform you on the requirements each student needs to fulfill in order to earn a partial or full completion.
- Students must complete Module 1 – Occupational Orientation by logging into their account with the password provided to the instructor indicated on the enrollment confirmation email. Students must complete both the General section and the Required - SENSE Program section.
- A module will be marked complete once all components of the module are passed. This includes modules that contain both theoretical and practical exams. Please refer to Tale 6.1 in the QC10 to determine which practical

exams are required for each module.

- Students can download their certificates under their course. There is a Student User Guide under the Students tab on SENSE Online that will show them how to do this. Their Dashboard will say there are no certificates available until they download their certificates from their course.
- Instructors can view their students' certificates only once the student has downloaded it. Please refer to the Instructor's User Guide under the Instructors tab on SENSE Online in order to view your students' certificates (once they have downloaded them).
- Instructors that are listed on the enrollment form are the only individuals with access to their classes and the students within their classes. These instructors will be able to enter grades, schedule the theory exams, and view their students' certificates after their students have downloaded them.
- Instructions on how to enter grades and schedule theory exams are available on the instructor's user guide under the Instructors tab, Instructor Help.

The SENSE Knowledge Theory Exams may be administered online via SENSE Online or can be administered by paper. If the Knowledge Theory Exams are administered by paper, the scores must be manually entered in the SENSE Online gradebook. All practical exam grades, along with visual inspection pass or fail markings, must be manually entered into the SENSE Online gradebook as well.

As the instructor, you have access to SENSE resources through SENSE Online, which can be found under the Instructors tab in the blue navigation bar. These resources include SENSE Program FAQs, Library of Documents (standards, enrollment form, paper exams), and Instructor Help. The Instructor Help page includes the Instructor's User Guide, which includes information on navigating the website, scheduling a Theory Exam, and entering grades.

All invoices and receipts are sent by our Accounting Department, ext. 240.

The AWS SENSE Program shall not be confused with the AWS Certified Welder certification program.

If you have any questions, please feel free to contact us.

Best regards,

Danielle Garcia
