**Subject:** Boot Camp Refunds

Hi Isabel and Bethany,

Monica Miller's team has two grants – Gen Cyber and Perkins – that have funding to provide stipends to partner high school instructors for boot camps that have taken place in June.

Manufacturing Technology held a boot camp for high school instructors during the week of June 21. There were 6 participants each receiving a \$250 stipend. Please process the attached refunds for your letters. The second attachment has the approvals. Lisa Stock has digitally approved on behalf of Mark Curtis-Chavez, so please append.

Thanks,  
Joyce

Joyce,

The provost is away from the College until July 8. Please see attached email from Barb Groves indicating that he has delegated to Dr. Lisa Stock. We also have expense reimbursements for out of pocket expenses for this event. If we wait for his return, we will be missing the cut-off date for FY21. Please advise.

Thank you.

Monica

Hi Monica,

After further reviewing with Eugene, we need Mark's approval in order to process these.

Can you please resend with this approval?

Thanks,  
Joyce

Good morning Joyce,

I hope you are doing well. I went back through the thread and want to confirm that we should use the attached to process the \$250 stipend for the high teachers participating in the Manufacturing Boot Camp this week. Please confirm, as we have them on campus and want to be sure we have everything we need from them. Is anything else beside the attached needed for each of the participants?

Thank you.

Monica

**Subject:** RE: Question about payment process

Hi Joyce,

To clarify, the requested amounts under Perkins are for \$250 per high school instructor. I am uncertain where the \$600 amount comes into play. I have dropped Ben Ho from this thread and added Tiana and Jonita.

I can't answer for the rest of the College, as far as what is planned, I can only answer for those I know of, which is Manufacturing. If the deadlines are the issue, I don't think the College community has even had these dates shared with them yet. I only heard about them from another colleague. Maybe when the dates are shared, you will hear from others. This activity goes to the heart of parts of our annual plan – connecting with the high schools, so I would hope we would consider it to be worth the effort. Hopefully, we can find a way to provide this.

Thank you.

Monica

**Subject:** RE: Question about payment process

Hi Monica,

Is this the only boot camp for the year? This will be a considerable effort for A/P as well as Purchasing by this deadline. Due to tax guidelines, any payments \$600 and over must be reported at the end of the year and would require a W-9 from the individual. Please advise so we can determine how to move forward with this request.

Thanks,  
Joyce

Hi Monica,

I'm looping Eugene Refakes on this e-mail as since I am new to this process, I'm sure he will have much better insight on these than I do.

Are we paying each of the teacher's individually? Or, are we paying one vendor? We 1099 vendors that are paid \$600 and over during the fiscal year. So, since these are for \$300, they wouldn't be.

Thanks,  
Joyce

Hello All,

I apologize for cutting in when the email is addressed to Joyce.

Monica, I have explained to the two project managers for GenCyber that the teacher stipends do not need to be processed in fy2021 as the GenCyber grants extends to FY2022 . In the past, the teacher participants were not paid until mid- September.

Thanks.

Ben

**Subject:** Question about payment process  
**Importance:** High

Hi Joyce,

I hope you are doing well. I am reaching out to you as we have two grants – Gen Cyber and Perkins – that have funding to provide stipends to partner high school instructors for boot camps that will be taking place in June. Theresa Dietz has been involved in the Gen Cyber camp and, as I understand it, there are potentially 72 high school teachers who will each receive a \$300 stipend for participation. W-9s would be collected after Memorial Day and a check request will be processed to pay the instructors. (I believe this is how it was handled previously.) The check request has a vendor ID noted.

Likewise, Manufacturing Technology is holding a boot camp for high school instructors during the week of June 21. There are potentially 8 participants each receiving a \$250 stipend. I believe the same process described above would be used to process payment.

My question is what is the process that should occur after the W-9s are collected? Will we be impacted by the “vendor intake” process that will be closed to everyone after May 28 (see highlighted date below)? Or is there some other process of adding their information into Colleague to create payment for **FY21**? I am concerned about timing and am reaching out with the information I have to seek a resolution.

Thank you.

Monica

Hello,

Dr. Curtis-Chávez will be off-campus beginning Monday, June 28 thru Thursday, July 8. During this time, Dr. Lisa Stock has been delegated to conduct whatever business is required of the Provost (signatures, meetings, etc.)

Please continue to send all documents needing signatures to me.

Thank you,

Barb Groves

Assistant to the Provost
