College of DuPage Student Conduct Agreement

Czech American Archaeological Field School _____ *Make a copy for your records. Sign and return original with application.*

Participation in this study abroad program is predicated upon the idea that the student is a guest in the host country and that accepted standards of behavior there might differ from those to which he/she is accustomed. Additionally, the student recognizes that when traveling abroad he/she serves as an ex-officio "ambassador" of the United States, the student's home college or university and the College of DuPage Study Abroad program and as such agrees to conform to the following rules and standards set by College of DuPage. The College of DuPage directors supervise and administer the program and are the primary contact for any problems or difficulties that may arise. They have the right to enforce appropriate standards of conduct and have final authority on all decisions regarding program regulations.

Conduct

Students are expected to abide by the customs of the host country and are legally subject to its laws. Note that trafficking in or use of controlled drugs or weapons is absolutely forbidden by Czech Republic law and violators are dealt with harshly. Neither College of DuPage nor U.S. governmental authorities can assist in such matters. Students are expected to respect the rights of other program participants, the directors of the program, and the professors, staff, and students of the host institution.

Class Attendance and Program Participation

Class attendance for all participants is mandatory, unless the directors grant prior permission. Unauthorized absences from the program courses constitute grounds for disciplinary action by the directors. Students may not withdraw from classes without consulting with the Directors. They must inform the directors in advance of any independent travel and/or overnight absences from their places of residence.

Dismissal

The directors reserve the right to dismiss a student at any time for reasons which appear to them to be valid in their sole judgment. They shall have the right to withdraw a student from the program and send the student away from the field location without refund if the student's conduct causes serious inconvenience for the rest of the group. The directors may also dismiss a student for actions or conduct, which they consider to be incompatible with general student welfare and/or the reputation of the program. If the student is dismissed from the program, no refund will be given and the student must leave the field location at his/her expense. Reasons for dismissal include, but are not limited to the following:

- Reasons of health and/or safety of student
- Violation of the host country's civil/criminal statutes
- Use of illegal drugs
- Excessive use of alcohol
- Unauthorized absenteeism
- Any student behavior, academic or social, which, in the judgment of the directors, jeopardizes other program participants or the program itself.

Procedure for Dismissal

1. Violation of program regulations is identified by the directors of the program.
2. directors discuss the violation with the student and remediation of behavior is determined.
3. A written notification is sent to College of DuPage, and the directors may contact student's emergency contact.
4. If remediation of behavior does not occur by determined time, or if the student is again found in violation of any regulations, the Directors will consult with authorities at College of DuPage.
5. If the decision is made to dismiss the student from the program, the student's emergency contact shall be informed immediately.

Responsibility/Liability

College of DuPage cannot be held responsible for the well being, safety and/or health of the student when he/she is absent from College of DuPage supervised activities or if he/she fails to follow the directives of the program. The student accepts liability for any financial obligations he/she may cause while participating in the College of DuPage program.

All participants in the College of DuPage Summer Study Abroad program in Czech Republic must sign this conduct agreement and return it to the Health and Sciences Division at College of DuPage in order for his/her application to be complete. Any student who does not sign and return this agreement will not be allowed to participate in the program. Participants under the age of 18 must have a parent or guardian sign as well.

I, the undersigned, have thoroughly read the above policy. I understand and agree to comply with the terms and conditions of the policy as stated.

Czech American Archaeological Field School *Make a copy for your records. Sign and return original with application.*

Students participating in college sponsored or approved study abroad or field studies programs are entitled to an experience free from sexual harassment. 2. interferes with your academic performance, or
3. creates an intimidating, hostile or offensive educational or living environment.

If you are traveling/studying abroad, you must realize that ideas of what constitutes harassment are different in other countries. The directors will take appropriate action on-site, and will notify officials at College of DuPage. Sexual harassment is illegal under both state and federal law. In some cases, it may be susceptible to prosecution under the Criminal Sexual Conduct Law. As a student participant in a COD approved program, you may not harass others nor should you condone any harassment, either verbal or physical, of others. All complaints of sexual harassment will be investigated following the guidelines of College of DuPage Board Policy 4074. Students guilty of sexual harassment will be subject to disciplinary action.
