

Introductory Information.

This information serves as a guide for students transferring to a four year college or university with a major in Economics. The information is divided into three areas

- (1) Illinois public universities
- (2) Illinois private colleges and universities
- (3) Select Big Ten universities

For each college or university you will find the following information:

1. Contact information for the Department of Economics
2. Link to Department of Economics home page
3. Link to Department of Economics home page for undergraduate studies (if separate from Department of Economics home page)
4. Freshman/sophomore required courses for an Economics major at the institution and the equivalent courses at COD. Courses are identified by both their course number and course title.
5. Link to the home page for American Economic Association's Economics for College Students
6. Link to the home page for Occupational Handbook for Economists from the United States Bureau of Labor Statistics
