

This information serves as a guide for the selection of courses at the College of DuPage for students transferring with a major in Economics to one of Illinois' public universities. It is assumed that students will be working with a full time member of the Economics and/or Counseling faculty in selecting their courses. Students are responsible for contacting the transfer university to verify requirements and transfer of courses.

This guide considered only courses relevant to transferring with a major in Economics. This guide does not consider other courses that might be required at the transfer institution. The information was obtained from the web site of the universities for the academic year 2012-2013.

Students are strongly encouraged to review the home page for the Department of Economics from several public and private institutions. Resources on these sites include information on undergraduate careers in Economics and FAQ (frequently asked questions).

Information is provide for the following:

Chicago State University

Eastern Illinois University

Illinois State University

Northeastern Illinois University

Northern Illinois University

Southern Illinois University at Edwardsville

Southern Illinois University at Carbondale

University of Illinois at Chicago

University of Illinois at Springfield

University of Illinois at Chicago

Western Illinois University

(Governors State University does not have a program in Economics)

College of DuPage

ECON 105: Principles of Economics

ECONO 2201: Macroeconomics and the Global Economy *and* **ECONO 2202:** Microeconomics and the Global Economy *

ECON 138: Economic Reasoning Using Statistics

Check with department whether **MATH: 1635:** Statistics will be accepted as equivalent

MAT 121: Introduction to Calculus for Business and Social Science *or*
MAT 145: Calculus I

MATH 2134: Calculus for Business and Social Sciences *or* **MATH 2231:** Calculus and Analytical Geometry I

* **ECONO 2200:** Principles of Economics at College of DuPage is not equivalent to Illinois State University's **ECON 105**. COD's **ECONO 2200** is a three credit course for non economics majors. ISU's **ECON 105** is a four credit course.

All graduates of the College of Arts (which included Economics) must satisfy a foreign language graduation requirement. The requirement may be met by completion of three years of one foreign language in high school or completion of the second semesters or higher of college-level foreign language with a grade of passing.

While not a requirement, the following two courses are suggested:

ACC 131: Financial Accounting
ACC 132: Managerial Accounting

ACCOU 1140: Financial Accounting
ACCOU 1150: Managerial Accounting

Students planning to pursue an advanced degree in Economics are encouraged to seek advisement from a full time member of the Economics faculty in selecting mathematics courses.
