

Admissions Requirements for the Central DuPage Hospital Paramedic Program Spring 2022

Please read this entire packet carefully and retain for your records

Paramedic I-II-III
Fire 2278-2279-2280

**THIS PACKET IS ONLY FOR STUDENTS INTERESTED IN
CENTRAL DUPAGE HOSPITAL
Beginning Spring 2022 through Fall 2022**

Application deadline:

September 1, 2021 at 3 p.m.

**Classes, Clinicals, and Internships run January 2022 through
December 2022**

PLEASE MAINTAIN A PERSONAL COPY OF THIS PACKET FOR FUTURE REFERENCE

Note: Students are not accepted into this program until they have received an official acceptance letter from Central DuPage Hospital EMSS. Completion of Health Requirements, CPR completion, criminal background checks, and proof of insurance is an independent activity to prepare for entrance into health programs at College of DuPage and/or participation in clinical sites within health programs. Funds paid to Edward Corporate Health or to a personal health care provider/source, CastleBranch.com, insurance companies, and funds used towards CPR completion are not eligible for any sort of refund from College of DuPage if the required course is not successfully completed.

PROGRAM OVERVIEW

College of DuPage (COD) offers Paramedic training through Central DuPage Hospital, Edward Hospital, Good Samaritan Hospital and Loyola University Medical Center Emergency Medical Services System (EMSS). These Paramedic training programs are currently utilizing the U.S. Department of Transportation's National Curriculum as required by the Illinois Department of Public Health (IDPH) for those interested in attaining Paramedic certification. EMSS is a hospital based program for the delivery of pre-hospital stabilization of ill and injured patients.

The hospitals have been designated Emergency Medical Services System resource hospitals by the State of Illinois. This designation specifies certain responsibilities in the delivery of pre-hospital care. Among these are the training and education of Paramedic personnel. Central DuPage Hospital's Paramedic program starts in January of each year and is one year in length. Registration is through College of DuPage with classes and clinical rotations held at the hospital.

PROGRAM INFORMATION DISCLAIMER

This program information packet is published for that purpose; however, the information in this packet is not to be regarded as an irrevocable contract between the student and the program. The program reserves the right to change, at any time, without notice, requirements, fees and other charges, curriculum, course structure and content, and other such matters as may be within its control, notwithstanding any information set forth in the program information packet in accordance with the COD policies and procedures.

PROGRAM & COURSE DESCRIPTION

The Paramedic Certificate Program is composed of three courses. The [certificate requirements](#) and [course descriptions](#) for the Paramedic program can be found in the Course Catalog under the Fire Science discipline. Central DuPage Hospital will retain the students transcripts indefinitely once enrolled in the program.

ATTENDANCE

Class attendance is **mandatory**. Students are expected to arrive at class on time and not leave early. Unexpected or unforeseen circumstances can be discussed with the Program Director. Students who know in advance that they are going to be late or miss classes must notify their instructor. Paramedic program students can miss only a certain number of classes to still be eligible to sit for certification/licensing exams. Students must also maintain an 80% on each exam, practical, and clinical rotation to remain in the Paramedic program.

TEXTBOOKS

Books will be discussed at orientation. Students will be required to purchase books prior to the first day of class. In addition to the textbook, there will be several online learning tools utilized both in the classroom and independently. In the best interest of the student, the recommendation is for each student to have the ability to bring their own computer, laptop, or tablet with wireless capabilities into the classroom.

UNIFORM POLICY

Central DuPage Paramedic Program requires the student to wear the issued "CDHEMSS Paramedic Program" polo shirt which will be purchased by the student the first week of class. The approved classroom attire will be the polo shirt, navy blue duty pants and black duty boots or shoes.

TUITION/FEES/FINANCIAL AID

The paramedic program consists of 36 semester hours of college credit at the [prevailing tuition rate](#). In addition to the tuition, there will be a non-refundable lab fee payable to Central DuPage Hospital. This will be discussed at orientation. The College of DuPage payment policy states payment will be due immediately following registration. If the student is unable to pay the entire amount, you must sign up for the payment plan offered by the college. If

you are expecting financial aid or other assistance, you may be able to sign up for a deferred payment plan. If you have questions regarding the payment plan or the payment policy, please contact the Cashier's office at (630) 942-2206. The College of DuPage reserves the right to drop students for non-payment of tuition.

Financial Aid is available to any eligible student enrolled in the college for six or more eligible credits. Grants, loans, on-campus employment, veteran's grants and scholarships are aid options available to help students meet their education expenses. If you are planning on applying for financial aid and have not already done so, please [visit our website](#) or contact the Financial Aid office (SSC 2220) at (630) 942-2251. It can take 6-8 weeks for processing, so if you have not already completed your [FAFSA form](#), you may need to sign up for the standard payment plan and be reimbursed once your financial aid is processed.

If you are a veteran and are planning to use veteran's benefits, please [visit our website](#) and the [United States Department of Veteran's Affairs](#)

If a company will be paying for your tuition or you have a chargeback agreement from another community college, please [download our Third Party Billing/Chargeback form](#) or speak with a representative at (630) 942-2377.

Students enrolled in the Paramedic program needing to verify full-time status (medical or insurance) are considered full time students. To receive a letter stating full-time status, visit the Records office (SRC 2015). A request form needs to be completed. There is a \$5 processing fee for this request, payable by cash or check. This request takes five to 10 days to process. For additional questions, call (630) 942-2431 or (630) 942-3022.

Once accepted into the program, the student should expect the following costs to be incurred for the year:

- Tuition over the 3 semesters (at the prevailing COD rate)
- \$500 lab fee (this fee covers the online testing platform, the online skills tracking platform, 1 uniform polo, labs supplies and equipment fee)
- Uniform costs- the student may wish to purchase extra uniform polos or an uniform sweatshirt. Duty pants and duty boots are mandatory
- The student is encouraged to bring their own laptop/tablet to class for both note-taking and test taking
- Paramedic program book
- National exam fee (paid upon completion of the class, to the National testing facility)

NON-DISCRIMINATION STATEMENT

Both the Central DuPage Hospital (CDH) and the College of DuPage (COD) prohibits discrimination in its admissions, employment, and educational programs or activities on the basis of race, color, sex, religion, creed, national origin, age, ancestry, marital status, sexual orientation, gender identity and expression, arrest record, military status or unfavorable military discharge, citizenship status, or physical or mental disability. CDH and COD will protect an individual's right to express their viewpoint or opinion, so long as it does not violate State or Federal law and is not detrimental to CDH or COD.

This Policy against discrimination applies throughout all Hospital (CDH) and College (COD) environments, whether on campus, at work assignments off campus, at Hospital or College-sponsored social functions, or otherwise.

Procedures to facilitate the Hospital's prohibition of discrimination will be promulgated consistent with the Policy. (NM Policy #NMHC HR 04.0023 or #NMHC HR 04.0024)

Procedures to facilitate the College's prohibition of discrimination will be promulgated consistent with the Policy. (Board Policy 20-5).

STUDENT E-MAIL POLICY

College of DuPage will send all official communications to you through your official COD email (dupage.edu). You will no longer be able to use a preferred email account. You do have the option to forward these communications to a personal email account if you wish.

Check out your COD email to get the message about:

- Official COD communications
- Financial aid communications
- Petition to graduate
- Transfer credit evaluation
- Prerequisite proof Sensitive
- FERPA-related communications
- Transcript order Important messages from instructors

CRIMINAL BACKGROUND CHECK INFORMATION

All health care workers and student health care workers are required to undergo a criminal background check in order to work in a clinical setting. A student with a positive background check containing disqualifying conditions as defined by Federal and State law will not be allowed to enter the clinical portion of the program. A student with a positive background check containing disqualifying conditions as defined by Illinois State Law ([225ILCS46/25](#)) and 77 Ill Adm. Code 955 Section [955.160](#) will not be allowed to enter the clinical portion of this program, thus preventing the student from obtaining mandated certification and/or licensure.

NOTE: You may have been convicted and not sent to jail. People are often fined or given probation or conditional discharge rather than jail time, but these are still considered convictions. If you are unsure as to whether an arrest resulted in a conviction, contact the county in which you were arrested and speak to a representative in the Circuit Clerk's office, State's Attorney's office or your attorney.

MISCELLANEOUS INFORMATION

For additional information about any programs at COD, consult the college *Catalog*, the *Class Schedule*, or visit www.cod.edu. For questions specifically concerning the [Paramedic program](#), contact the Fire Science Program Manager at (630) 942-2107 or krakora@cod.edu

POLICY FOR PROFESSIONAL CONDUCT AT CLINICAL SITES

Please visit the EMS/Fire Science Resource Page: <https://www.cod.edu/academics/programs/fire/resources.aspx> for the Professional Conduct Policy.

HEALTH REQUIREMENTS

Once accepted into the Paramedic program, the student will be required to meet the health requirements (including mandatory immunizations) of the program prior to the first day of class. Flu immunization will be required in the fall when it becomes available. Failure or inability to follow health requirement procedures will disqualify the student from participation in the program. **Details to follow once you are accepted. Please do not complete these requirements until instructed to do so.** Students are responsible for all costs involved. Health insurance is required during the program and may be available through the college.

ACCREDITATION

The Northwestern Central DuPage Hospital Paramedic Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

FUNCTIONAL JOB DESCRIPTION- PARAMEDIC (Central DuPage EMS)

Job Summary: In emergency situations, administers all aspects of basic and advanced life support medical services to injured and sicker persons in pre-hospital settings as directed by physician.

Characteristics: The paramedic must possess certain characteristics to maintain a high level of personal, physical and professional performance. The paramedic must be a leader who can accept challenge and possesses a high degree of responsibility entailed in the position. The paramedic must have excellent judgment and be able to prioritize decisions and act quickly in the best interest of the patient, must be self-disciplined, able to develop patient rapport in short period of time, interview hostile patients, maintain safe distance and recognize and utilize communication unique to the diverse multicultural groups and ages within those groups. The paramedic must be able to function independently at optimum levels in a non-structured environment that is constantly changing.

The paramedic is generally part of a two-person team, and may be working with a lower skill and knowledge level EMT-Basic. The paramedic is held responsible for safe and therapeutic administration of drugs including narcotics. Therefore, the paramedic must not only be knowledgeable about medications but must be able to apply this knowledge in a practical sense. Knowledge and practical application of medications include thoroughly knowing and understanding the general properties of all types of drugs including analgesics, anesthetics, anti-anxiety drugs, sedatives and hypnotics, anti-convulsants, central nervous system stimulants, psychotherapeutics which include antidepressants, other anti-psychotics, anticholinergics, cholinergics, muscle relaxants, antidysrhythmics, antihypertensives, anticoagulants, diuretics, bronchodilators, ophthalmics, pituitary drugs, gastrointestinal drugs, hormones, antibiotics, antifungals, anti-inflammatories, serums, vaccines, antiparasitics and others.

The paramedic is personally responsible, legally, ethically, and morally for each drug administered. The paramedic is responsible for using correct precautions and techniques, observing and documenting the effects of the drugs administered, keeping one's own pharmacological knowledge level current as to changes and trends in administration and use, and keeping abreast of all contraindications to administration of specific drugs to patients based on their constitutional make-up. The paramedic will use current drug reference literature.

The responsibility of the paramedic includes obtaining a comprehensive drug history from the patient that includes names of drugs, strength, daily usage and dosage. The paramedic must take into consideration that many factors, in relation to the history given, can affect the type of medication to be given. For example, some patients may be taking several medications prescribed by several different doctors and may lose track of what they have or have not taken. Awareness of drug reactions and the synergistic effects of drugs combined with other medications or food is imperative. The paramedic must also take into consideration the possible risks of medication administered to a pregnant mother and the fetus, keeping in mind the drugs may cross the placenta.

The paramedic must be cognizant of the impact of medications on the pediatric patients based on size, weight, special considerations for newborns, geriatric patients, and the physiological effects of aging. There must always be an awareness of the high abuse potential of controlled substances and the potential for addiction. The paramedic must be thorough in documentation of the indication for any medication. The paramedic must be knowledgeable of how to calculate proper drug dosing.

The paramedic must be able to apply basic principles of mathematics to the calculation of problems associated with medication dosages, perform conversion problems, and differentiate temperature reading between centigrade and Fahrenheit scales. The paramedic must be able to properly use advanced life support equipment and supplies based on the patient's age and condition, able to locate sites for obtaining blood samples, perform venipuncture, medication administration through several routes, and comply with the universal precautions and body substance isolation. The paramedic must have the most recent knowledge and training for proper decontamination procedures.

The paramedic must be able to apply knowledge and skills to assist overdosed patients to overcome trauma through antidotes. The paramedic should have knowledge of poisons and be able to properly administer treatment. The paramedic must be knowledgeable of the stages drugs/medications go through once they have entered the patient's body based on the route of administration.

The paramedic must be capable of providing advanced life support emergency medical services to patients including obtaining and interpretation of electrocardiograms, electrical interventions to support cardiac function. The paramedic should be able to manage the airway through basic maneuvers and adjuncts, endotracheal intubation, treatment of a pneumothorax, and proper administration of appropriate medications and intravenous fluids under offline medical direction.

The paramedic should be able to remain calm while working in difficult and stressful circumstances, in addition to remaining focused while assuming the leadership role inherent in carrying out the functions of the position. Good judgment along with advanced knowledge and technical skills are essential in directing other team members as needed. The paramedic must be able to provide high quality patient care, concurrently handle high levels of stress, and be willing to take on the personal responsibility of the position. This includes not only all legal ramifications for precise documentation, but also the responsibility for using the knowledge and skills acquired in real life threatening emergency situations.

The paramedic must be able to deal with adverse and dangerous situations which include responding to calls in districts known to have high crime and mortality levels. Self-confidence is critical, as is a desire to work with people, solid emotional stability, a tolerance for high stress, and the ability to meet the physical, intellectual, and cognitive requirements demanded by this position.

The paramedic must possess and be able to use effective communication skills. The paramedic will be communicating information and must be accurate and concise. The paramedic must possess proper oral and written skills for patient care documentation. Verbal skills and reasoning skills are used extensively.

Physical Demands: Aptitudes required for work of this nature are good physical stamina, endurance, and body condition that would not be adversely affected by frequently having to walk, stand, lift, carry, or balance at times, in excess of 125 pounds. Ability to work in inclement weather is a must. Gross motor and fine motor coordination is necessary in order to not jeopardize the well-being of the patient, the paramedic, and other coworkers.

STANDARD SKILLS IN HEALTH CARE PROGRAMS

To participate in the clinical education portion of any health career programs at College of DuPage that involves direct patient care, the applicant must possess additional non-academic skills. These occupational standards are consistent with the duties of the entry-level professional in that field and are set by the individual program. These skills protect the health and well-being of patients and may include, but are not limited to, the ability to:

- Lift and carry 30 pounds of weight
- Lift and transfer patients to and from wheel chairs, stretchers, beds and tables
- Move, adjust and manipulate equipment. Manipulate necessary hospital equipment for patient care, such as dials, switches, push buttons and keyboards. Position patients for exams.
- Respond appropriately to sounds such as the patient's voice and movements at a normal conversational volume. Respond appropriately to equipment signals such as sound and light.
- Perform for a prolonged period without breaks in a typical shift of eight hours
- Communicate orally and in writing with patients, doctors and other personnel clearly and effectively
- Follow verbal and written directions

Students who are unsure if they can meet any/all of these requirements should speak to a program faculty member.

CDH PROGRAM PREREQUISITES

To qualify for a position within the Central DuPage Hospital (CDH) Paramedic Education Program, the applicant must:

1. Be at least 18 years old
2. Provide a copy of a Current State of Illinois (IDPH) License as an Emergency Medical Technician (or proof of passing the National Registry of EMT's Certification Exam).
3. Provide transcripts from highest level of education completed (high school, associates, bachelor's, etc.)
4. Provide a copy of a current Healthcare Provider CPR card
5. Provide a copy of a Health Insurance Card
6. Provide a copy of a Valid Driver's License
7. Complete Background Check as outlined on page #10 of this application packet
8. ****Have completed a college Anatomy & Physiology course (COD Anatomy 1500 or equivalent or 1551/1571 **and** 1552/1572) with a grade of 'C' or better within the last 10 years. (see statement below).**
9. ****Have completed Biomedical Terminology course (COD HLTHS 1110 or equivalent) with a grade of "C" or better within the last 10 years. (see statement below).**
10. Pass the Entrance Exam by achieving a score equal to or higher than the mean average for the testing group
11. Complete the oral interview process

*Submit copies of the above along with the completed application by the application deadline to the designated offices as described in the Application Steps on pages 8-9.

***Students currently enrolled in courses listed in items #8 & #9 above are strongly encouraged to apply. First consideration will be to those students who have completed the courses, but other strong candidates currently completing the courses may still be considered for the program.**

****Due to the COVID-19 Pandemic, we understand that these course offerings may have been greatly reduced or not offered due to college institutions limiting the amount of in-person classes. Therefore, these requirements are being waived as "Pre-Requisites" for the 2022 program. However, if one or both of these courses are available during the Summer or Fall 2021 terms, students are strongly encouraged to complete them if possible.**

MEDICAL ISSUES, INJURY, ILLNESS, EXPERIENTIAL LEARNING

CDH does **NOT** accept the following during consideration of admissions into the program or as reason to omit certain sections/labs/clinical/field experiences from the students overall requirements:

- Experiential learning/Life experiences
- The transfer in of credits from a previously attended paramedic program
- An "automatic" seat in the program if previously excused for the following:
 - o Pregnancy
 - o Illness
 - o Injury

*****If a student is excused from the program due to the above, non-academic reasons, the student must submit a new application and sit through all aspects of the admissions process. No automatic seats will be granted to any student or applicant.**

PARAMEDIC APPLICATION STEPS:

It is the applicant's responsibility to ensure that all material listed below have been completed and received by 3 pm on September 1, 2021. Please retain a copy of this packet for your records.

- _____ 1. Register to attend a highly recommended **Paramedic [Information Session](#)**.

- _____ 2. If you have not been admitted to College of DuPage, please complete the **non-refundable \$20 [College of DuPage General Admissions Application](#)** online. **This application is for general admissions to College of DuPage only; it is not an application to the Limited Enrollment Paramedic program.**

- _____ 3. To ensure that all of your eligible credits are evaluated towards the admission requirements, turn in **ALL** official Transcripts from institutions that you have attended. Immediately:
 - a. Submit your official transcript(s) to **College of DuPage, [Office of Student Records](#)**. ***If College of DuPage is the only institution you have attended, you do not need to request official transcripts.***

 - b. Verify receipt of your transcript(s). Log into myACCESS account, click on 'myACCESS for Students', select '**My Profile**'. The receipt status of your transcript will be listed under '**Transcript Institutions**'.

NOTE: If you have an international transcript from high school or college, it must first be evaluated. Please visit the following website http://cod.edu/registration/records/trans_eval_listing.aspx

- _____ 4. Complete the **non-refundable \$25 [Paramedic Program Limited Enrollment Application](#)** online.
 - Log into MyAccess for Students
 - Near the bottom of the MyAccess Student Menu/Screen, locate Health Careers Applications
 - Then select Fire Science Applications
 - Agree to Statement of Understanding
 - Confirm Demographic Information
 - Select Paramedic Certificate for the program you are applying for
 - Term: Spring 2022
 - Select Central DuPage Hospital as program
 - Be sure to complete process and submit payment

Once term is selected and application submitted, you may not change the term or program.

If you do not have a credit card, you can purchase a prepaid credit card from your local retailer

- _____ 5. Complete a Criminal Background Check. [CastleBranch.com](#) is a background check service that allows students to purchase their own background checks. The results of a background are posted to the [CastleBranch.com](#) website in a secure, tamper-proof environment, where the students, as well as coordinator can view the background check. To order your background check, please follow the instructions below.
 1. Go to [CastleBranch.com](#) and click on "Students."
 2. In the Package Code box, enter package code: **CB39**
 3. Select a method of payment: Visa, MasterCard or Money Order

4. You will receive a **Release Form** when placing your order and it will be in your CastleBranch To-Do List
 - a. Complete and return the CastleBranch Release Form by faxing to e-mailing to expedite@castlebranch.com or 910-343-9731Please note, that your background check will **not** get processed until the release form is received so please return to them asap.

Once your order is submitted, you will receive a password via email to view the results of your background check. The results should be available in approximately 48 to 72 hours.

Note: If you previously completed a CastleBranch background check, it is only valid if it was completed **within 6 months** of the application deadline date.

_____ 6. **Scan ALL Documents (no photos please)** listed below and email as a single PDF and attach to an email to: emsrequirements@cod.edu. **DO NOT** send links to shared drives such as Google Docs, and **DO NOT** submit photos. Scan and email as a single PDF by the application deadline of **September 1, 2021 at 3 p.m.**

- **Completed Central DuPage Hospital Application found on pages 11 through 12 of this packet**
- **Completed FERPA release form found on page 13 of this packet. This document is REQUIRED to process your application and send your information to Central DuPage Hospital.**
- **Copy of each of the following:**
 - **State of Illinois EMT-B license**
 - **Current Healthcare Provider CPR Card**
 - **Health Insurance Card**
 - **Valid Driver's License**

DO NOT submit any transcripts to this office along with your application (see directions in step 3)

Your name will be added to the applicant list and forwarded to Central DuPage Hospital. Once testing is completed, Central DuPage Hospital will provide an approved class list to COD. Only students on the approved list will be allowed to register. Approved students will receive an email regarding the registration process to their dupage.edu e-mail address.

NOTE: If you have been accepted into another Paramedic program prior to the application deadline; please e-mail emsrequirements@cod.edu to withdraw your application. You will not receive a refund for the \$25 application fee and this request is asking that you be removed from further considered for any and all programs you have applied for.

*It's the responsibility of the applicant to verify that all items are submitted & completed. Should you have specific questions related to the above items, please contact the paramedic program coordinator listed on page 11.

"All application documents delivered to the College of DuPage pertaining to a paramedic program admissions file become the property of the College of DuPage and will not be returned to applicants. This includes but is not limited to transcripts, letters of recommendation, clinical evaluation forms or outside test reports."

Requests for admission are **not** automatically carried over to the following cycle. Applicants who were not accepted for the cycle in which they originally applied are asked to pay the \$25 non-refundable paramedic program application fee and submit any/all supporting documents as listed on the Admissions Checklist of the Application Packet requirements (if applicable).
