Catalog Description:
The HVACR Contractor degree is intended to provide the technical and business skills required to be successful as an HVACR Contractor. This degree requires a minimum of 64 credits in program requirements and general education in the courses listed below.

Program Requirements .............................................46
Hvacr 1100 Refrigeration Principles..............................3
Hvacr 1105 Introduction to Safety, Materials and Equipment .............................................3
Hvacr 1108 Refrigerant Certification..................................1
Hvacr 1110 Introduction to Electricity and HVACR Controls .............................................3
Hvacr 1161 Introduction to Sheet Metal............................2
Hvacr 1181* Heating Principles .....................................3
Hvacr 2180 Residential and Light Commercial Forced-Air Heating .............................................3
Hvacr 2201* Residential Air Conditioning ..........................3
Hvacr 2202* Commercial Air Conditioning ........................3
Hvacr 2210* Commercial Refrigeration ............................5
Hvacr 2220* Installation .............................................3
Hvacr 2225* Troubleshooting Systems ............................3
Hvacr 2240 Load Calculations and Duct Design ............5
Hvacr 2260* Heating and Air Conditioning Contracting ....3
Manag 2210 Principles of Management ........................3

* - course has a prerequisite

General Education .....................................................18 to 22
For the Contractor degree, students are required to take a minimum of 18 credits in General Education. (In addition to the courses listed below.)

Under the specified General Education headings below, the following courses are required:

Communication: 6 credits
Written: (3 credits) English 1101 or 1105
Oral: (3 credits) Speech 1100, 1120 or 1150

Physical and Life Sciences: 3 to 5 credits
At least one course with a laboratory component.

Mathematics: 3 to 5 credits
Select a minimum of 3 credits (1000 level or above).
Select Mathematics 1102, 1104 or 1120 only where required in the degree program. Only one from the following three courses may count toward overall degree requirement credit: Mathematics 1635, Psychology 2280 or Sociology 2205. Only one of the following courses may count toward overall degree credit: Mathematics 1428 or Mathematics 1431.

Suggested Course Sequence
(Full-Time Enrollment)
Please note: A student’s readiness to perform college-level coursework is based on the student’s placement test and/or ACT scores. Below 1000 level coursework may be required prior to the student taking courses in the suggested sequences.

First Semester (15 to 17 credits)
- Hvacr 1100 (3)
- Hvacr 1105 (3)
- Hvacr 1110 (3)
- Hvacr 1181 (3)
- General Education (3 to 5)

Second Semester (14 to 16 credits)
- Hvacr 1161 (2)
- Hvacr 2180 (3)
- Hvacr 2201 (3)
- Hvacr 2202 (3)
- General Education (3 to 5)

Summer Term (6 to 8 credits)
- Hvacr 2220 (3)
- General Education (3 to 5)

Third Semester (15 to 19 credits)
- Hvacr 1108 (1)
- Hvacr 2210 (5)
- Hvacr 2225 (3)
- General Education (3 to 5)
- General Education (3 to 5)

Fourth Semester (14 to 16 credits)
- Hvacr 2240 (5)
- Hvacr 2260 (3)
- Manag 2210 (3)
- General Education (3 to 5)

Catalog Description:
The Facility Maintenance Mechanic degree is designed for the individual seeking a career in Facility Maintenance. The degree prepares students for commercial and industrial facility maintenance employment. There are emphases in both commercial and industrial HVACR to allow students to create their own career pathways. This degree requires a minimum of 64 credits in program requirements, electives and general education in the courses listed below.

Program Requirements ..................................................31
Hvacr 1100 Refrigeration Principles ...................................3
Hvacr 1105 Introduction to Safety, Materials and Equipment ..................3
Hvacr 1108 Refrigerant Certification ..................................1
Hvacr 1110 Introduction to Electric and HVACR Controls ..................3
Hvacr 1181* Heating Principles .......................................3
Hvacr 2110* Facility Electrical Systems ..............................3
Hvacr 2186* Hydronic Heating .......................................3
Hvacr 2187* Central Heating Plants ..................................3
Hvacr 2202* Commercial Air Conditioning .........................3
Hvacr 2236* Central Cooling Plants .................................3
Hvacr 2242* Mechanical Systems ....................................3

Program Electives ..................................................................15
Select at least 15 credits from HVACR courses, or the other courses as specified under the Emphasis Courses options. Students may also choose to focus elective coursework by focusing on Commercial or Industrial Maintenance by taking emphasis courses. Students may also choose general electives in any HVACR courses. (In addition to the courses listed above.)

Emphases Courses
Commercial Facility Maintenance
Hvacr 2210* Commercial Refrigeration ..............................5
Hvacr 2230* HVACR Control Systems ...............................3
Hvacr 2231* Building Automation Control Devices .............3
Hvacr 2250* System Balancing .........................................3

Industrial Maintenance
Hvacr 2241* Industrial Air Conditioning Design ..................3
Elmek 1190 Introduction to Programmable Logic Controllers ..........................3
Manuf 1151 Machine Shop I ..........................................3
Weld 1100 Welding I ....................................................3

* - course has a prerequisite

General Education .........................................................18 to 22
Each candidate for an Associate in Applied Science (A.A.S.) degree shall satisfactorily complete a minimum of 18 credits in General Education.

Suggested Course Sequence
(Full-Time Enrollment)
Please note: A student’s readiness to perform college-level coursework is based on the student’s placement test and/or ACT scores. Below 1000 level coursework may be required prior to the student taking courses in the suggested sequences.

First Semester (15 to 17 credits)
- Hvacr 1100 (3)
- Hvacr 1105 (3)
- Hvacr 1110 (3)
- Hvacr 1181 (3)
- General Education (3 to 5)

Second Semester (13 to 15 credits)
- Hvacr 1108 (1)
- Hvacr 2110 (3)
- Hvacr 2186 (3)
- Hvacr 2202 (3)
- General Education (3 to 5)
