

# COLLEGE OF DUPAGE

## Eye Care Assistant Certificate Program & Ophthalmic Technician Degree Program

FALL 2026

**Registration Deadline Date:**

**Friday, August 14, 2026 by 5pm or until course fills**

**Registration is on a first-come, first serve basis.**

**Attend a mandatory information session by reviewing the following [page](#).**

**Note:** Please see specific program registration or admission packets for detailed information on when to begin completing health requirements, drug tests, CPR, criminal background checks and proof of insurance submission. Timing varies depending upon either entrance to or participation in the clinical component of a given program. Funds paid to Edward Corporate Health or to a personal health care provider/ source, CastleBranch.com, insurance companies, and funds used towards CPR completion are not eligible for any sort of refund from College of DuPage if the required course(s) are not successfully completed.

# EYE CARE ASSISTANT CERTIFICATE & OPHTHALMIC TECHNICIAN DEGREE PROGRAM

## **What is an Eye Care Assistant/Ophthalmic Technician?**

Ophthalmology is a specialized branch of medicine focusing on the health of the eye. As a health care professional, assistants and technicians will work primarily with ophthalmologists (MD of Ophthalmology) and medical optometrists (Doctor of Optometry). In addition to routine eye care, ophthalmologists are specialists that treat and diagnose eye conditions. They also perform ocular minor procedures and eye surgeries, both medical and cosmetic. They can work in various clinical settings including private, group, and hospital ophthalmology departments.

The duties of the eye care assistant/ophthalmic technician include providing diagnostic assistance to the eye doctor, by performing appropriate tests in assessing their vision accurately. This will then help the eye doctor in diagnosis of eye conditions and diseases. Obtaining an accurate visual acuity, performing measurements for determining glasses/ contact lens prescriptions, eye pressures, visual fields, muscle function and getting the patient to the point where they are dilated and ready to see the doctor, are typical duties of an assistant/technician. They also are required to provide documentation of the testing typically in an electronic health record format. They can also assist with minor and surgical procedures. They triage phone call and emergencies and provide patient education. They ensure that the ophthalmology clinic functions well and efficiently.

Eye Care Assistants and ophthalmic technicians are by the eye doctor's side and play a vital role the individual will help the ophthalmologist or optometrist with diagnostic and treatment-oriented procedures.

Many eye care industry partners seek experienced eye care assistants and technicians who have clinical knowledge for career options beyond the clinic and hospital.

## **What does the career and salary outlook look like for eye care assistant and ophthalmic technicians?**

Eye care assistants and ophthalmic technicians are vital members of the eye care team. Demand and employment opportunities for certified assistants and technicians have been increasing due to the greater need of provision of eye care health. These roles prepare students to work in entry-level and intermediate eye care settings. As a result, the salaries and benefits are competitive to the needs of the field.

We have made every effort to make the information in this packet complete. Please contact me if you further questions at (630) 942-8398 or e-mail [thomasm90@cod.edu](mailto:thomasm90@cod.edu).

Also feel free to please check out our websites for more info.

*Mitzi Thomas*

Mitzi Thomas, COMT, BPS  
Associate Professor /Program Chair

## **Program Descriptions**

The Eye Care Assistant Certificate and Ophthalmic Technician program is a clinical ophthalmic assistant program accredited by the International Council of Accreditation (ICA) for Allied Ophthalmic Education Programs. More information about ICA can be found on: [www.icaccreditation.org](http://www.icaccreditation.org)

Both programs are approved by the Illinois Community College Board. College of DuPage is accredited by the Higher Learning Commission.

### **Eye Care Assistant Certificate**

Students may earn the Eye Care Assistant Certificate at College of DuPage and gain the skills for entry-level positions as ophthalmology and optometric assistants under the supervision of licensed eye care professionals. Students who decide to pursue the Ophthalmic Technician degree program will have been introduced and completed the introductory Eye Care Assistant Program courses if they intend to move forward in the next level of competency in the Eye Care Field.

Upon graduation, students can sit for the national certification exam for the Certified Ophthalmic Assistant (COA), administered by I-JCAHPO. Information about a career as an Eye Care Assistant is available at: [www.jcahpo.org](http://www.jcahpo.org).

### **Ophthalmic Technician Degree**

Students earning the Ophthalmic Technician Degree at College of DuPage may continue their career path after completing the Eye Care Assistant pre-requisite courses to gain the skills for intermediate-level positions as ophthalmology and optometric assistants under the supervision of licensed eye care professionals.

The Certified Ophthalmic Technician is the second core designation level confirming knowledge in 19 specific content areas specifically designed to test the Certified Ophthalmic Assistant or Ophthalmic Technician program graduate who intends to advance their career in the eye care field.

Upon graduation, students can sit for the national certification exam for the Certified Ophthalmic Technician (COT), administered by I-JCAHPO. Information about a career as an Ophthalmic Technician is available at: [www.jcahpo.org](http://www.jcahpo.org).

**Laboratory Skills, Competencies and Exams:** Both programs have mandatory competencies that must be passed by the end of each semester. If the student does not successfully pass the competencies, the student will be withdrawn from the program. Students must maintain a 2.0 GPA for all required coursework once accepted into the program.

**Students are expected to comply with the rules, regulations and procedures of College of DuPage and the affiliated clinical hospital sites.** Non-compliance with rules, regulations and procedures is a basis for dismissal from either program. The Health Sciences Program Standards for Professional Conduct is available upon request and will be disseminated to the students upon their acceptance into the program.

**Information about a career as an Eye Care Assistant or Ophthalmic Technician is available at:**  
[www.jcahpo.org](http://www.jcahpo.org).

### **Mission Statement of the Programs**

- To help create professionals who are trained to preserve eye health by being a vital team member of the growing and in demand eye care field.
- To demonstrate reliability, self-discipline, cooperativeness, and professional deportment and demeanor in all activities related to eye care.
- To help students in developing life skills of critical thinking, effective communication, professional behaviors, as well as demonstrate safe & ethical practices.
- Provide curriculum that is built around the ICA accreditation standards as well as enriching learning experiences for the students.
- Helping create professionals who are trained to preserve eye health by being a vital team member of the growing and in demand eye care field.
- To provide a hybrid learning structure for students to earn an Associate of Applied Science degree, which will prepare graduates to take the certification exam and to meet the needs of the community.
- To collaborate with student support services to market the profession of eye care and ophthalmology, and advise potential program applicants, orient ECA Program and Ophthalmic Technician students to COD services and provide special academic assistance where necessary.

### **Goals of the Programs**

Upon completion of the Eye Care Assistant & Ophthalmic Tech Programs, the graduate should be able to:

- Demonstrate and be skilled in diagnostic testing as required by the standards and guidelines of JCAHPO and International Council of Accreditation (ICA).
- Assist the ophthalmologist & optometrist by performing delegable tasks.
- Collect data, administer treatment, assist in ophthalmic surgical procedures, and supervise patients in a safe and effective manner deemed appropriate according to the training level and may be delegated by a supervising ophthalmologist as applicable by law.
- Become skilled professionals, qualified by didactic and clinical ophthalmic training, who perform ophthalmic procedures under the direction or supervision of a licensed ophthalmologist who is responsible for the performance of the ophthalmic medical technician.
- Render supportive services to the ophthalmologist, optometrist and management.
- Assist the physician by collecting data necessary to reach those decisions and by transmitting and executing the ophthalmologist's instructions.
- Have knowledge, problem-solving skills, psychomotor, behavioral, and clinical competencies as well as demonstrate clinical thinking.
- Skillfully and accurately perform the clinical diagnostic tests and patient services in conformation with the didactic curriculum.
- Relate tactfully and sympathetically to patients as adapt to patient's needs.
- Demonstrate proficiency in both written and spoken communication skills with patients, families and staff.
- Demonstrate the ability to contribute to the profession and community.
- 

### **Licensure/Credentialing**

- Students can sit for the national certifying exam, the Certified Ophthalmic Assistant (COA) or the Certified Ophthalmic Technician (COT), administered by JCAHPO.

### **Policies and Procedures**

All Nursing and Health Science Division policies and procedures are found on our [Division website](#). It is the students' responsibility to ensure they have reviewed and understand the policies and procedures. The Nursing and Health Science Division reserves the right to change, at any time, without notice, these policies and procedures.

## **Standard Skills in Health Career Programs**

To participate in any Health Career program at College of DuPage that has a direct patient care or clinical education component, applicants must possess additional non-academic skills. These occupational standards are consistent with the duties of the entry-level professional in that field and are set by the individual program. These skills, which protect the health and well-being of patients, may include but are not limited to the ability to the below list. Please refer to the Program Essential Functions below.

In the Eye Care Assistant profession, you may be exposed to fumes, chemicals, cold, noise, radiation, blood/body fluids, and infectious diseases. Students who do not meet these standards may be considered ineligible for a program and can be withdrawn from all program classes. If you are unsure whether you can meet these requirements, you are advised to consult an adviser, counselor or member of the program faculty to discuss the situation, and/or schedule an appointment with your physician prior to applying to the program or enrolling for classes.

### **Essential Functions**

#### **MOTOR CAPABILITY:**

1. Move from room to room
2. Squat, bend/stoop, reach above shoulder level, use standing balance, and climb stairs
3. Lift and carry up to 25 lbs., and exert up to 100 lbs. force or push/pull
4. Use hands repetitively; use manual dexterity; sufficient fine motor function
5. Must be able to walk and stand for extended periods of time
6. Perform CPR as necessary in emergent situations
7. Travel to and from academic and all clinical sites

#### **SENSORY CAPABILITY:**

1. Coordinate verbal and manual instruction
2. Auditory ability sufficient to hear verbal communication from clients and members of the health team; includes ability to respond to emergency signals
3. Discern soft sounds, such as those associated with taking a blood pressure
4. Visual acuity to acquire information from documents such as charts
5. Comfortable working in close physical proximity to patient and being around eyes and face of patients

#### **COMMUNICATION ABILITY:**

1. Communicate effectively in English with patients, families, and other health care providers, both verbally and in writing
2. Effectively adapt communication for intended audience
3. Interact; establish rapport with individuals, families, and groups from a variety of social, emotional, cultural and intellectual backgrounds
4. Assume the role of a health care team member
5. Function effectively under supervision
6. Sufficient command of the English language in order to read and retrieve information from lectures, textbooks, as well as understand medical terminology
7. Skills include computer literacy

#### **PROBLEM SOLVING ABILITY:**

1. Function effectively under stress
2. Respond appropriately to emergencies
3. Adhere to infection control procedures

4. Demonstrate problem-solving skills in patient care (measure, calculate, reason, prioritize, and synthesize data)
5. Use sound judgment and safety precautions
6. Address problems or questions to the appropriate persons at the appropriate time
7. Organize and prioritize job tasks

### **BEHAVIORAL SKILLS AND PROFESSIONALISM:**

1. Follow policies and procedures required by academic and clinical settings
2. Adheres to College of DuPage Academic Honesty Policy (per College Catalog)
3. Adheres to College of DuPage Code of Conduct (per College Catalog)
4. Abides by the guidelines set forth in the Health Insurance Portability and Accountability Act (HIPAA, i.e., the national privacy act)

## **Policies and Procedures for Clinicals**

### **Eye Care Assistant**

Students should complete a minimum of 480 hours of full-time ophthalmologist and certified technician supervised Clinical experience. This requirement is based on the requirements of ICA.

ICA requires that students complete these clinical requirements prior to being able to apply for the COA (Certified Ophthalmic Assistant) Certification.

60 clinical days must be obtained by the end of the 1-year certificate program. To fulfill these requirements, students will be scheduled:

*Semester 1 - 1 day weekly*

*Semester 2 & 3 - 2 days weekly*

Specific schedules will be provided for the 1st week of class

Clinical site placement will be determined by the program instructor. The program instructor will place the student in clinical rotations based on clinical site availability for each term. Individual clinical site requirement(s) will need to be met before students can begin rotations at the site.

### **Ophthalmic Technician**

Students should complete a minimum of 960 hours of full-time ophthalmologist and certified technician supervised clinical experience. This requirement is based on the requirements that ICA requires.

ICA requires that students complete these clinical requirements prior to being able to apply for the COT (Certified Ophthalmic Technician) Certification.

120 clinical days must be obtained by the end of the 2-year Associate's Degree program. To fulfill these requirements, students will be scheduled for between 2 days at clinical sites per week.

### **Working at Clinical Affiliates Policy**

Students who are currently enrolled in the Eye Care Assistant and Ophthalmic Technician programs at COD are not allowed to work for monetary compensation. Clinical education is meant to be learning experience hours where a student is working closely with their assistant/ technician/ ophthalmologist/ mentors. Upon graduation, students can seek employment at clinical sites. Clinical sites should not be seeking employment from students prior to graduation. If the site or employer has any questions regarding this policy, please contact the program chair.

**Clinical Affiliates:**

Our clinical partners are based primarily in the DuPage and Chicagoland areas and suburbs in Illinois. Since we are the only eye care assistant program, we receive requests for a partnership in clinical education from all over the state. We are also able to accommodate out-of-state requests on a case-by-case basis. Sites are subject to change. Please see program website for most updated list or discuss with program chair.

**Proficiency/ Competency process**

The clinical course requires practicing skills and gaining experience in Ophthalmology. There is a competency and learning process to master each required skill in the program. After demonstrating proficiency, students may be allowed to undertake certain defined activities with appropriate supervision and direction. Each course will have specific learning objectives for mastering skills. Students will have a clinical packet that outlines all requirements for each clinical course.

**Program Costs****Eye Care Assistant**

Please visit the [Program Costs webpage](#) for estimated cost.

**Ophthalmic Technician**

Please visit the [Program Costs webpage](#) for estimated cost.

## Eye Care Assistant & Ophthalmic Technician Registration Requirements

The following are **REGISTRATION REQUIREMENTS** for the Eye Care Assistant & Ophthalmic Technician program. These Registration requirements are a part of your **PACKET**. Your packet must be complete in order to be considered for **REGISTRATION** and allowed to **REGISTER** for the course.

**NOTE:** Admission Committees for all Health Science programs has the right to deny admission to any applicant that they feel is unable to fulfill these essential functions as described.

Use this **Registration Requirements checklist** to assure that you have everything you need to complete your packet. There is a **Registration Deadline** of **Friday, August 14, 2026 at 5pm or until course fills** for this program. Be sure all items below are completed in advance of that deadline.

- \_\_\_\_\_ 1. Attend a mandatory **Eye Care Assistant/Ophthalmic Technician [Information Session](#)**. **It is required that an applicant attend an information session within a 12-month period prior to the application deadline.**

- \_\_\_\_\_ 2. **Health Insurance proof:**  
Students are expected to provide proof of a **Comprehensive Health Insurance Plan** prior to the start of the program. The comprehensive health insurance plan must cover you **throughout the length of your clinical experience**, which in most cases, consists of the entire length of the program. *If you are in need of Health Insurance, please see important dates below and visit <https://cod.studentbenefitplans.com/bpg-insurance-individual/>.*

### **IMPORTANT DATES:**

#### **November 1<sup>st</sup> – January 15<sup>th</sup>- Open Enrollment**

If you will need health insurance ANYTIME in 2026, you must apply during the current open enrollment period.

**December 15<sup>th</sup>:** Deadline to enroll in a plan that will start January 1<sup>st</sup>, 2026.

**January 15<sup>th</sup>:** Deadline to enroll in a plan that will start February 1<sup>st</sup>, 2026.

**After January 15<sup>th</sup> – enrollment is closed.**

If you miss open enrollment but have a qualifying life event, you can apply during a [Special Enrollment Period](#).

While we **cannot** guarantee your official acceptance into the program, you need to be aware that there is short timeframe of when you are able to purchase a Health Insurance plan. The purpose of this step is to make you aware and that the time to research and purchase is **NOW**. Purchasing health insurance outside of this timeframe will take months and may prohibit your admittance into the Program. **NOTE:** Obtaining Health Insurance is NOT an application requirement but it is a requirement to be in the program.

- \_\_\_\_\_ 3. If you have not been admitted to College of DuPage, please complete the **non-refundable \$20 [College of DuPage General Admissions Application](#)** online. **This application is for general admissions to College of DuPage only.**
- \_\_\_\_\_ 4. To ensure that all your eligible credits are evaluated towards the admission requirements, turn in **ALL** official Transcripts from institutions that you have attended. Immediately:

- a. Submit your official transcript(s) to **College of DuPage, [Office of Student Records](#)**. *If College of DuPage is the only institution you have attended, you do not need to request official transcripts.*
- b. Verify receipt of your transcript(s). Log into myACCESS account, click on 'myACCESS for Students', select '**My Profile**'. The receipt status of your transcript will be listed under '**Transcript Institutions**'.

NOTE: If you have an international transcript from high school or college, it must first be evaluated. Please visit the following website <https://cod.edu/records/international-transcript-evaluation.aspx> for details.

5. **Starting 5/15/26 or later:** Complete a Criminal Background Check. The College of DuPage has partnered with [CastleBranch.com](#), a background check service that allows students to purchase their own background checks online. The results of a background check are posted to the [CastleBranch.com](#) website in a secure, tamper-proof environment, where the students, as well as the program coordinator can view the background check.

To order your background check, please follow the instructions below.

- a. **Starting 5/15/26 or later:** Go to [CastleBranch.com](#)
- b. In the **PLACE ORDER** box, enter package code: **OK53bg**
- c. Select a method of payment: Visa, MasterCard or Money Order
- d. You will receive a **Release Form** when placing your order and it will be in your CastleBranch To-Do List
- a. **Complete and return the CastleBranch Release Form by faxing to e-mailing to [expedite@castlebranch.com](mailto:expedite@castlebranch.com) or 910-343-9731**

Please note, that your background check will **not** get processed until the release form is received so please return to them ASAP.

The results will be available at your e-mail in approximately 48 to 72 business hours. ***You must wait until your results are completed and the Program Specialist has received your results before you are eligible to register.***

6. Submit the completed Health Requirement Acknowledgement Form (page 10) to [clinicalrequirements@cod.edu](mailto:clinicalrequirements@cod.edu)

7. Once all above steps are completed, please e-mail [clinicalrequirements@cod.edu](mailto:clinicalrequirements@cod.edu) to notify them of your interest in either the Eye Care Assistant or Ophthalmic Technician program. You will then receive instructions to register for EYE 1101.

# College of DuPage

## Health Career Programs

### Health Requirement Acknowledgement

Part of this program is to complete health requirements prior to the first clinical rotation. Please see the [health requirement packet](#) for details. **Please do not complete these requirements until you are instructed to do so.** Along with the health requirements, you will also complete a drug test and background check.

Failure to submit the necessary paperwork, obtain the required examinations and vaccinations, and/or are obtain clearance to participate in all the program's clinical activities, without restrictions and/or precautions, you may be considered ineligible for the program and can be withdrawn from the program courses in which you are registered.

I, hereby, acknowledge that:

- a. I have reviewed the [Health Requirement packet](#) for the program and understand that the program has specific requirements that must be completed during specific time periods as directed.
- b. I have reviewed and understand that enrollment and participation in the clinical component of the program is subject to the practices and requirements of the clinical site, which may necessitate additional health requirements.
- c. I understand that my failure to complete the health requirements mandated by the program and/or the clinical site may prevent either my registration into the program or continuation in the program.

## Eye Care Assistant Program Sequence

---

### *Eye Care Assistant Program Classes: Fall Semester*

EYE 1101	Principles of Eye Care Assistant I	8 credit hours
----------	------------------------------------	----------------

\*Classes will be in a Hybrid format which includes: online instruction, face-to-face lecture/lab time and clinical rotations

**Total: 8 credit hours**

---

### *Eye Care Assistant Program Classes: Spring Semester*

EYE 1102	Principles of Eye Care Assistant II	8 credit hours
----------	-------------------------------------	----------------

\*Classes will be in a Hybrid format which includes: online instruction, face-to-face lecture/lab time and clinical rotations.

**Total: 8 credit hours**

---

### *Eye Care Assistant Program Classes: Summer Semester*

EYE 1103	Principles of Eye Care Assistant III	9 credit hours
----------	--------------------------------------	----------------

\*Classes will be in a Hybrid format which includes: online instruction, face-to-face lecture/lab time and clinical rotations.

**Total: 9 credit hours**

---

### Courses Required to Graduate

**It is highly recommended that students complete as many or all of these courses prior to entrance into the program. These courses must be completed prior to graduation at the end of Summer 2027 with a grade of "C" or higher**

SURGT 1000	Ethics in Health Care	4 credit hours
------------	-----------------------	----------------

HLTHS 1110	Biomedical Terminology	3 credit hours
------------	------------------------	----------------

*(This will count as the Global/Multicultural Studies or Contemporary Life Skills requirement for the A.A.S. degree.)*

A&P 1500	Survey of Human Anatomy & Physiology	4 credit hours
----------	--------------------------------------	----------------

**OR**

A&P 1551 or 71	Human Anatomy & Physiology I	4 credit hours
----------------	------------------------------	----------------

**AND**

A&P 1552 or 72	Human Anatomy & Physiology II	4 credit hours
----------------	-------------------------------	----------------

*(This will count as the Physical and Life Science requirement for the A.A.S. degree.)*

**Total for Program: 29 credit hours**

## **Ophthalmic Technician Pre-requisite Courses**

EYE 1101	Principles of Eye Care Assistant I	8 credit hours
EYE 1102	Principles of Eye Care Assistant II	8 credit hours
EYE 1103	Principles of Eye Care Assistant III	9 credit hours
SURGT 1000	Ethics in Health Care	4 credit hours
HLTHS 1110	Biomedical Terminology	3 credit hours
A&P 1500	Survey of Human Anatomy & Physiology	4 credit hours
<b>OR</b>		
A&P 1551 or 71	Human Anatomy & Physiology I	4 credit hours
<b>AND</b>		
A&P 1552 or 72	Human Anatomy & Physiology II	4 credit hours

### **General Education Courses Required to Graduate**

**It is highly recommended that potential candidates complete as many or all of these courses prior to entrance into the program.**

Please see the following link to the Student Planning Worksheet for the Associate in Applied Science Degree for details.

<https://catalog.cod.edu/associate-degree-programs/associate-applied-science-degree/>

#### General Education Required Categories:

Speech 1100, 1120 or 1150	3 credits
English 1101 or 1105	3 credits
Math 1100, 1102, 1120, 1428, 1431, 1635, Psych 2280 or Socio 2205	3-5 credits
Humanities and Fine Arts	3 credits
Social and Behavioral Sciences	3 credits

## **Ophthalmic Technician Program Sequence**

---

### ***Ophthalmic Technician Program Classes: Fall Semester***

OPTH 2101	Ophthalmic Technician I	4 credit hours
*Classes will be in a Hybrid format which includes: online instruction and clinical rotations		
		<b>Total: 4 credit hours</b>

---

### ***Ophthalmic Technician Program Classes: Spring Semester***

OPTH 2102	Ophthalmic Technician II	
*Classes will be in a Hybrid format which includes: online instruction and clinical rotations		
		5 credit hours

### ***Ophthalmic Technician Program Classes: Spring Semester***

OPTH 2103	Ophthalmic Technician III	5 credit hours
*Classes will be in a Hybrid format which includes: online instruction and clinical rotations		

**Total: 10 credit hours**

---

**14 credit hours**

## **High School Graduate Suggested Education Plan for Ophthalmic Technician Pathway**

*This suggested education plan is an efficient way to complete your ophthalmic technician degree at the College of DuPage within two years of receiving your high school diploma.*

**\*\*** The example shows beginning in the summer semester upon high school graduation.

You may substitute courses and semesters as you choose, however, deadlines for applications and requirements are firm. Also note program courses are only offered once a year.

### **AAS Ophthalmic Technician (64 credits)**

**\*\*** Math and English Placement Tests must be taken prior to Math, English and Anatomy & Physiology course registration.

#### **SEMESTER 1:** (Example Summer after graduation)

ANAT 1500 or ANAT 1551-or-1571 (4 credits)

#### **SEMESTER 2** (Year 1 Fall Semester)

- HLTHS 1110 (3 credits)
- SURGT 1000 (3 credits)
- EYE 1101 (8 credits)

#### **SEMESTER 3:** (Year 1 Spring Semester)

**\*\***If you chose ANAT 1551-or-1571, fulfill second course requirement:

- ANAT 1552-or-1572 (4 credits)
- EYE 1102 (8 credits)
- Speech 1100, 1120 or 1150 (3 credits)
- Humanities and Fine Arts (3 credits)

#### **SEMESTER 4:** (Year 1 Summer Semester)

**\*\*\*** By the end of this semester, you will have completed all the requirements for the Eye Care Certificate**\*\***

EYE 1103 (9 credits)

#### **SEMESTER 5:** (2<sup>nd</sup> Year/Fall Semester)

- OPTH 2101 (4 credits)
- Math 1100, 1102, 1120, 1428, 1431, 1635, Psych 2280 or Socio 2205. (3-5 credits)
- Social and Behavioral Sciences (3 credits)
- English 1101 or 1105. (3 credits)

#### **SEMESTER 6:** Spring Semester 2<sup>nd</sup> Year

- OPTH 2102 (4 credits)
- OPTH 2101 (5 credits)

Please see the following link to the Student Planning Worksheet for the Associate in Applied Science Degree for Ophthalmic Technician details. <https://catalog.cod.edu/associate-degree-programs/associate-applied-science-degree/>
