

HEALTH SCIENCES ADVISING SESSIONS

1. The best way to learn more about College of DuPage and our health sciences programs is to visit our campus. **Attendance at a program advising session is a MANDATORY requirement for most programs;** the schedule is listed below. Each session will last approximately an hour to an hour and a half. **Advising sessions are open to the public for information purposes and do not require a College of DuPage general or health sciences application to attend.**
 - Please view the online schedule under “Events” at <https://admissions.cod.edu> for the most accurate and up-to-date information as dates, times and room locations are subject to change. To limit the number of events during your search, select “Health Science Advising Session” under Event Category. *You do not need to create a profile or log-in to view events.*
 - To register for any of the following upcoming events, we encourage you to create a profile at <https://admissions.cod.edu>. This will enable you to view event availability, receive communications on upcoming events, and complete an application for admission, should you make the decision to apply to College of DuPage. **Prior registration and attendance are mandatory for most Health Sciences Program Advising Sessions and registration closes the day before the scheduled event.** Please note that the login information on this page is not linked to any existing myACCESS, insideCOD student portal, or student e-mail accounts and may require you to create a new profile, even if you have previously attended College of DuPage.
 - Once logged in to your profile, select “Sign up for an Event” and select “Health Sciences Advising Session” under Event Category. Click on the session you would like to attend, read the guidelines, and click “Register.” On the following page, confirm that your contact information is up to date and click “register” once again. You are not officially registered for the advising session until you receive the confirmation screen. A confirmation e-mail outlining the details of the sessions will also be sent for your reference.
 - If you need to change or cancel your registration for an event, you may do so online or contact Admissions & Outreach at (630) 942-2626 or admissions@cod.edu.
2. Visit a Health Science Program Advisor by calling (630) 942-2259 for an appointment or send an email to healthcareadvising@cod.edu.
3. Read the program information packet at www.cod.edu/hsadmissions before applying and paying the \$50 *non-refundable* application fee (if applicable).
