Hearing Instrument Dispensary (HIDP) Program

HIDP certificate trains graduates for the various occupations, including hearing aid specialist, hearing instrument specialist and hearing aid dispenser. To qualify for employment as a Hearing Instrument Dispenser per Illinois Department of Public Health guidelines, the candidate must possess a minimum of an Associate's Degree, have completed specific coursework in audiology and hearing sciences, as well as pass the written and practical exams for the Illinois Department of Public Health's Hearing Instrument Dispenser Licensing Program.

Program Information Disclaimer:

This program information is published for that purpose only; however, the information in this packet is not to be regarded as an irrevocable contract between the student and the program. The program reserves the right to change, at any time, without notice, graduation requirements, fees and other charges, curriculum, course structure and content, and other such matters as may be within its control, notwithstanding any information set forth in the Program information packet in accordance with College of DuPage policies and procedures.

Statement of Health

If accepted, the health requirements must be completed prior to the first clinical rotation. Please see the [health requirement packet](#) for details. **Please do not complete these requirements until you are instructed to do so.** The health examination is completed at the student's expense. Students will still need to be "cleared" by Edward Corporate Health. Once given a "clearance form", students will go to CastleBranch.com to upload their health documents to the medical document manager piece. Students will have unlimited access to personal health records beyond program completion. Along with the health record piece, the Drug Test and Background Check is completed through CastleBranch.com.

If applicants do not submit the necessary paperwork, do not obtain the required examinations and vaccinations, and/or are unable to obtain clearance to participate in all the program's clinical activities, without restrictions and/or precautions, they may be considered ineligible for the program and can be withdrawn from the program courses in which they are registered.

Statement on Medical Care and Health Insurance

Students are responsible for their own medical care and health insurance while in the program. Students must possess health care insurance in order to train at the clinical affiliate. The student is responsible for any costs that may be incurred related to personal injuries he/she may acquire while performing activities at the clinical affiliate. The affiliating clinical facility and/or College of DuPage cannot be held liable for such injuries. Please visit the [Student Health Insurance](#) website for additional details.

Students are required to provide evidence of current health insurance coverage. Please follow specific guidelines as instructed for submitting proof of insurance.

Statement on Medical Malpractice Insurance

Malpractice insurance is required and is included in the clinical education tuition costs on an annual basis. That is, the cost of the insurance is included with the tuition costs for HIDP 2112. Students must be officially registered and listed on the instructor's class roster to be covered by the malpractice insurance.

Statement on Transportation

Students are responsible for finding their own transportation to and from the College and Clinical Site. No special accommodations will be made for students with transportation problems. Students who accept a position in the program should be willing and able to travel to any site to which they may be assigned including those outside of District #502.

Non-Discrimination Policy

The College prohibits discrimination in its admissions, employment, and educational programs or activities on the basis of race, color, sex, religion, creed, national origin, age, ancestry, marital status, sexual orientation, gender identity and expression, arrest record, military status or unfavorable military discharge, citizenship status, and physical or mental disability. The College will protect an individual's right to express their viewpoint or opinion, so long as it does not violate State or Federal law and is not detrimental to the College.

This Policy against discrimination applies throughout all College environments, whether on campus, at work assignments off campus, at College-sponsored social functions, or otherwise.

Procedures to facilitate the College's prohibition of discrimination will be promulgated consistent with the Policy. (Board Policy 20-5).

Student E-Mail Policy

College of DuPage will send all official communications to you through your official COD email (dupage.edu). You will no longer be able to use a preferred email account. You do have the option to forward these communications to a personal email account if you wish.

Citizenship/Visa Status

If you are not a U.S. citizen or a permanent resident of the U.S., and if you have any questions or concerns regarding your eligibility to participate in health sciences programs, please contact the [International Student Office](#), SSC 2225, (630) 942-3328, e-mail: intlstdt@cod.edu.

Qualified applicants will be considered out-of-district in the admissions ranking process if they are **not** a:

- U.S. citizens
- Permanent residents

Statement on Drug Testing and Criminal Background Testing

A drug test and criminal background check are required prior to starting a clinical rotation in the Hearing Instrument Dispensary program. Several clinical affiliates may also require finger printing. The costs of these requirements are the responsibility of the student. You will be informed by the Program Coordinator when you will need to complete these requirements. **Please do not complete them until instructed to do so.** Results of testing may result in inability to attend clinical experiences and therefore dismissal from the program.

Criminal Background Check Information

All health care workers and student health care workers are required to undergo a criminal background check in order to work in a clinical setting. A student with a positive background check containing disqualifying conditions as defined by Federal and State law will not be allowed to enter the clinical portion of the program. A student with a positive background check containing disqualifying conditions as defined by Illinois State Law ([225ILCS46/25](#)) and 77 Ill Adm. Code 955 Section [955.160](#) will not be allowed to enter the clinical portion of this program, thus preventing the student from obtaining mandated certification and/or licensure.

NOTE: You may have been convicted and not sent to jail. People are often fined or given probation or conditional discharge rather than jail time, but these are still considered convictions. If you are unsure as to whether an arrest resulted in a conviction, contact the county in which you were arrested and speak to a representative in the Circuit Clerk's office, State's Attorney's office or your attorney.

Program Profile

HIDP certificate prepares students for a career as a hearing healthcare provider and hearing instrument specialist. This program prepares hearing healthcare providers to administer and interpret hearing tests, select and fit hearing aids, adjust physical and electroacoustic parameters of hearing instruments and recommend assistive listening devices. Hearing instrument specialists work together with audiologists in medical settings, private practice, clinics and retail venues in order to meet the needs of the Hard of Hearing community. HIDP certificate is designed to provide students with didactic instruction and clinical practice skills in anatomy and physiology of the auditory mechanism, acoustics and hearing sciences, clinical audiometry, aural rehabilitation, professional ethics and hearing instrumentation. This program will prepare students for the Illinois Department of Public Health Hearing Instrument Dispenser Licensing Written and Practical Exams. This certificate includes twenty-two (22) credit hours.

Graduate Outcomes

- Describe the anatomy and physiology of the human auditory system including auditory pathways, peripheral and central
- Explain auditory sensations and interpret auditory perception of complex sounds
- Demonstrate the basic principles of audiological assessment across the lifespan
- Demonstrate interventions aimed at minimizing the communication difficulties associated with hearing loss in people of all ages

- Demonstrate knowledge of hearing aid components and systems, electroacoustic evaluation, methods of prescribing hearing aid gains and hearing aid signal processing
- Explain hearing healthcare provider scope of service, licensure, workplace skills, resume writing and interviewing skills, professional ethics, employment settings, team membership and conflict resolution, universal precautions, culturally sensitive practice and the psychosocial impact of hearing loss

Requirements after Registration

Following registration to the HIDP program, students receive a copy of the College of DuPage HIDP Program Handbook. Students are expected to comply with the rules, regulations and procedures of College of DuPage, HIDP and the affiliating clinical sites as outlined in the handbook. Students are expected to sign an acknowledgment of the Discipline Procedure, Informed Consent and Verification of Receipt, Review and Comprehension the HIDP Handbook (following a review of the handbook). Noncompliance is grounds for dismissal from HIDP.

Once in to the program, students receiving below an 80% in any HIDP course are placed on academic probation for a period no shorter than one semester, although this duration may be substantially longer. Students receiving a "D" or an "F" in any HIDP course or practicum are dismissed from the program and the failed course must be repeated. Additional information regarding grade requirements, probation and dismissal is contained within the College of DuPage HIDP Program Handbook.

In order to ensure students acquire knowledge relevant to their clinical practice, students may be required to make up portions of failed exams or projects regardless of earning a passing grade in class.

Prior to being admitted into clinicals, which take place during the students' final fall term, students must complete and pass a pre-clinical examination. Students must sit for this examination on the last Thursday of July of the students' summer semester. Students who do not pass the exam will not be allowed to enter clinicals and will have the choice of either (1) exiting the program and reapplying at a later date if desired or (2) completing coursework and or self-study to remediate deficit areas and, pending successful performance on the exam the following January, enrolling in clinicals the following fall term.

Please note: *Registering into the HIDP does not guarantee successful program completion.*

Certification

The certificate includes twenty-two (22) credit hours and will help prepare students for the Illinois Department of Public Health Hearing Instrument Dispenser Licensing Written and Practical Exams.

In order to be eligible for employment as a Hearing Instrument Dispenser in Illinois the following criteria must be met:

- Possess an Associate's Degree or higher degree (certificate program prerequisite)
- Be eligible for Licensure via Illinois Department of Public Health
 - Pass both written and practical exams
- Complete the prescribed college credit hours in the following didactic areas (included in certificate curricula design):
 - Anatomy and Physiology of the Auditory System
 - Hearing Science
 - Introduction to Audiology
 - Aural Rehabilitation
- Maintain IDPH Hearing Instrument Dispenser License with required continuing education

Clinical Education

Student clinical experience is acquired during the **Clinical Practicum** course after completion of college courses in Audiology and Hearing Sciences, as well as a receipt of the Temporary Hearing Instrument Dispenser License via Illinois Department of Public Health (**written and practical exams do not have to be completed to receive the Trainee License**). College of DuPage is centrally located and population dense with a multitude of local hearing aid dispensaries throughout District 502 and surrounding areas, in which clinical affiliation agreements would be entered.

Students are expected to comply with the rules, regulations and procedures of College of DuPage and the affiliated clinical hospital sites. *Non-compliance with rules, regulations and procedures is a basis for dismissal from the program. The Health and Sciences Program Standards for Professional Conduct is available upon request and will be presented to the students upon their acceptance into the program.*

Hearing Instrument Dispensary Registration Requirements

The following are **REGISTRATION REQUIREMENTS** for the Hearing Instrument Dispensary program. These Registration requirements are a part of your **PACKET**. Your packet must be complete in order to be considered for **REGISTRATION** and allowed to **REGISTER** for the course.
