

Federal and State aid programs require that a student be degree-seeking in a program that is eligible for financial aid purposes. For a complete listing of aid eligible degree/certificate programs, please visit us https://cod.edu/costs/financial_aid/financial_documents_forms/pdf/eligible_programs.pdf

Records currently reflect you are not currently degree-seeking or you are enrolled in a program that is not aid eligible. The evaluation of your aid eligibility is on hold until a time in which you are enrolled in an aid eligible program.

In order for your aid eligibility to be determined, please verify the degree or certificate program you are pursuing at College of DuPage.

View your current degree/certificate program:

- 1) Log into the [InsideCOD student portal](#)
- 2) Click on **myACCESS for Students > Academic Profile > My Profile**
- 3) Your current degree/certificate program is listed under “**Academic Program.**”
 - a. If the degree/certificate program listed is correct, there is nothing additional you need to do.
 - b. If the degree/certificate program is incorrect, please complete a [Student Academic Program Change Form](#) with the Office of Student Records.

* If you need assistance in determining what degree/certificate you will be pursuing at COD, please contact the Advising Office at 630-942-2259.
